## Elks Lodge State Bowling Tourney Opens Here Saturday

Elks Lodge members from all over the state will begin arriving here tomorrow as more than 600 bowlers and their wives are expected for the opening competition in the seven-weekend Elks state bowling tournament to be rolled at Bowland and Tri Mor lanes.

In all, 437 five-man teams have registered for the state tournament, representing nearly all of the 100 Elks Lodges throughout Illinois.

**Motorcade Planned**

In honor of the selection of Granite City as the site for the 1968 state tournament, Mayor Partney this week proclaimed this weekend and the next six weekends running through April 28 to be "Elk Weekends."

City council members voted Monday night for a police escort to be provided for the motorcade from the Elks Lodge to Bowland lanes for the tournament's opening ceremony set for 1 p.m. Saturday.

Top state officials of the Elks will participate. The motorcade will leave the local lodge at Niedringhaus avenue at 12:30 p.m. Saturday, following a reception and luncheon that begins at 11 a.m. The parade route will be east on Niedringhaus to Madison avenue and north on Madison avenue to the intersection of Vincent Bischof, general chairman for the tournament, in his

preparations that involved nearly every one of the 450 lodge members and the Elks. All past exalted rulers are on Saturday's reception committee, and the luncheon will be served by the Elks.

**Visiting Dignitaries**

Dignitaries in the p.m. of Springfield, president; will include Paul Edmonds, past exalted ruler of the local lodge as master of ceremonies; Mayor Partney, C. O. Parker and Rex O. Henly of Jacksonville, national president of the Elks National Bowling Association.

State Elks officers to participate are I. H. Stipp of Springfield, president; Robert Flynn, first vice-president; Ronald J. De-

Marco of Mt. Carmel, second vice-president; Jack F. Sullivan of Joliet, secretary, and Roy J. Sheahan of Highland Park, treasurer. Others will include Gilbert N. Wood of Mt. Vernon, president of the Illinois Elks Bowling Association; Charles A. Nims of Springfield, first vice-president; and Police Chief Ronald Velzer.

The first balls to open the state tournament will be rolled at 1:30 p.m. by State Elks President Stipp, Mayor Partney and Wood.

**Local Bowlers Schedule**

This weekend's schedule for the local lodge bowlers will be — Saturday at 1:30, Joseph Buscemi's Eagles, Charles

## Chamber Backs Renewal, Urges Grant Be Sought

The Tri-Cities Chamber of Commerce board voted Tuesday night to "urgently request the city of Granite City to authorize a study in sufficient depth to apply for an urban renewal project grant."

Holding their March dinner meeting at the Rose Hotel, the directors decided to urge the Chamber's "services and full support to the mayor and city council in bringing the most desperately needed improvement to fruition."

A resolution adopted by the board related that "certain sections of Granite City are in dire need of rehabilitation and revitalization."

It noted that the city lacks funds to carry out such a program but that federal renewal grants "can be obtained by utilizing financial credits from other local sources."

The resolution stresses that "great deterioration has occurred."

## Richard Bailey Appointed To Venice School Board

Richard H. Bailey, 233 Hill street, Eagle Park, was appointed to the Venice school board Monday night to serve the remaining two-month period until the April 13 school election. He fills the vacancy created by the Feb. 13 death of John E. Conterman.

The new appointee said this week he is circulating petitions to become a candidate in next month's election for the two-year unexpired term. Venice residents will also elect three other board members to full three-year terms.

Bailey, a 24-year federal service employee in the warehouse department at the Granite City Army Depot, was appointed by Board President Michael E. Leatherman Jr. at the Venice school board's regular meeting Monday evening.

He is a native of Rodney, Mo., and has resided in the Venice area since 1944. He is active in church affairs and serves as part-time minister at the Bibleway Church, 2401 North Taylor street, St. Louis.

Bailey, 44, and his wife Tommie, are the parents of five children, Barbara, 15, Barkley, 13, Brenda, 12, Debra, 11, and Richard nine.

Candidates already filed for the April 13 election are: Paul A. Taylor, Jack R. Tishman and Leo Davanzo.

Hugh Hairston, a Venice service station operator, also has filed for a position on the board. However, earlier this week Venice Supt. of Schools John O. Pier said that Hairston's petition did not indicate if he was seeking the unexpired two-year term or a three-year vacancy.

The terms "hardheaded" and "bullheaded" are frequently used around Monday night's Granite City council session as aldermen feuded among themselves and the mayor in a hectic three-hour session.

Following adjournment at 11 p.m. several commented that all of the business could have been transacted in 45 minutes.

Hottest issues of the meeting were:

1. A resolution giving Alderman Ford Johnson, chairman of the Street and Alley Committee, authority to sign engineering contracts because of Mayor Partney's refusal.
2. The resolution was approved on a suspension of rules motion by a vote of 13-0-3, but final action was deferred on requests by Bartosiak and Whitmer to give the mayor and committee time to iron out their differences.
3. An ordinance to increase the mayor's expense allowance

from the present \$1500 a year to \$3000.

**8-to-8 Tie Vote**

This failed to get a sufficient number of votes to place it on first reading ended in an 8-to-8 tie. Mayor Partney declined to vote to break the tie, saying the matter involved him directly. A written legal opinion is to be brought in for the March 18 meeting by City Attorney Allen.

Disagreement between Alderman Whitmer, Police Committee chairman, and Mayor Partney over the suggestion for selection of a negotiating committee to work out wage agreements with the city departments instead of having separate committee-department talks. Present agreements expire May 1.

Mayor Partney commented that the council had thrown out the council's Personnel committee over a

## Battle Shaping Up For Levee Board Among Democrats

A prospective Democratic battle for the two Madison county memberships on the East Side Levee and Sanitary district board and a spirited contest between Mayor John E. Lee of Venice and Dick H. Judge Jr. of Edwardsville are shaping up as national convention delegates developed yesterday amid a sharp pickup in this year's primary election activity.

Opening Monday of the week filled period for candidates who will seek nomination to county and district offices in the June 11 primary set off a flurry of activity, particularly in the Democratic party where several contests already have developed and others appear in the making.

## Madison Bans Car Abandonment On Streets, Property

The Madison city council adopted an ordinance prohibiting abandoned, discarded and wrecked vehicles from parking on city streets or property during a meeting Tuesday night.

The ordinance also bans pair work on such vehicles while on the street except in cases of emergency when a disabled vehicle must be moved to the curb.

All disabled vehicles must be removed from the curb of streets or highways within 24 hours after they are disabled.

No person in charge or control of any property within the city limits shall allow a vehicle to remain on the premises of a building or on the premises of a lawful business enterprise.

**Impoundment Vehicles**

The police department is authorized to impound any vehicle left at any place within the city which appears to be in violation of the ordinance or is lost, stolen or unclaimed.

Any person violating the ordinance is to be deemed guilty of a misdemeanor and upon conviction can be fined up to \$500, with each day a separate offense.

The council called for the ordinance after receiving numerous complaints of junked autos littering streets and property in residential areas and of noisy repairs made at night.

During the meeting it was learned that a request for impoundment service for the Madison and North Venice area was turned down by the Bi-State Transit System as being outside of its jurisdiction.

A letter from the agency said that re-touring of the McKinley Bridge line would inconvenience 1800 on-board passengers to provide for 27 passengers a day from the area.

Mayor Maeras reported that he has asked Terry Francis, a Bi-State Development Agency,

year ago and that he saw no reason to select a negotiating committee "that the council would ignore." With the mayor's refusal, Whitmer walked out of the meeting. That was at 10:28 p.m.

Alderman Johnson had called for preparation of the resolution to permit his signature on the engineering contract with the Madison county engineer contracts with the firm of Research Planning & Design Associates, St. Louis, explaining that he was following a suggestion made by the mayor several weeks ago.

The mayor repeated that he was dissatisfied with the services provided by the firm in view of the mounting costs. He noted the engineering cost is amounted to \$8814 in 1964 when RPDA was first hired, and last year the total was \$23,101.

## Seek State Study of Hillside Drainage

**Levee District Urges Legislation to Set Up Illinois Commission**

Legislation creating a state commission that would study the proposed hillside drainage program of the East Side Levee and Sanitary district and then make recommendations to the General Assembly for financing it will be the first step toward obtaining funds for the work, Lawrence Tolar, president of the district, told the levee board in regular meeting yesterday.

Tolar said he had discussed the bill with State Rep. Kenneth Hall, (D-East St. Louis) and suggested that such legislation establish a commission of five Illinois Senators, five state representatives and five laymen. Tolar said the proposal was made on a state basis since the levee district feels that the state should share in the cost of a hillside drainage project involving the problem of drainage from an area extending as far north as Litchfield.

Tolar outlined his plan for the project after the board decided to order an engineering survey of a serious drainage problem in the Pontoon Beach area with a view toward including cost of the improvement in the 1968 levee district budget or, as an alternative, to include it in a list of levee district projects that would be undertaken if it can obtain Illinois legislative authorization of a levee district bond issue without referendum.

**Need Drainage Improvement**

The Pontoon Beach problem came before the levee board a letter from Harry Briggs, supervisor of Nanticoke townships, asking that the levee district look into continuing drainage difficulties in the vicinity of Division avenue and Breckenridge avenue in Pontoon Beach. Briggs said in his letter that help was needed in draining the area which also involves about 300 acres of adjoining land.

Tolar pointed out that the levee district is not responsible for the drainage problem during the current fiscal year for such a project, regardless of cost, but that it could be included in next year's budget or listed with projects for which the district has been seeking a non-referendum bond issue that would have to be authorized by the state legislature.

The board authorized an engineering survey with instructions to Advir Kraemer, chief district engineer, to report back to the board on methods of solving the drainage problem and its probable cost.

William "Mike" Ebersoldt of Madison County, a member of the board, noted that the Pontoon Beach drainage problem might be considered.

## Unit Rejects 2nd Proposal

**No Further Meetings Set In Smith Plant Strike Here**

A. O. Smith Corp. officials said today they have "no plans to continue" negotiations with Boilermakers Union Local 575 following the overwhelming rejection by the union yesterday of a contract offer made by the company in an effort to settle the 67-day-old strike at the plant.

A company spokesman said the proposal voted down by the union yesterday provided increased wages and fringe benefits that would cost the company 76 cents per hour during a three-year period.

The 1000 striking boilermakers who attended yesterday's closed union meeting in the Venice-Madison American Legion hall for 2 1/2 hours, only two voted in favor of accepting the proposed contract, according to "Bill" Warfield, president and business representative of Local 575.

Warfield said the union's negotiating committee "starting ready to go back into negotiations around the clock — 24 hours a day."

**Union Standing By**

In a statement released this morning, the company said: "The contract proposal which was turned down by the membership of Boilermakers Union 575 on Wednesday, March 6, would have provided increased wages and fringe benefits at a cost of an additional 76 cents per hour to the company during a three-year period, a tenth holiday, improved vacation, shift premiums, group insurance and pension benefits.

"It contained significant concessions on work assignments and procedure made by the company as a result of union-initiated proposals.

## GC Storm Sewer Bid Opening Set April 1

**\$1,855,000 Bond Issue Sold at 4.8% Interest; 3 Bond Bids Received**

Construction plans for Granite City's \$3,000,000 storm water project will be ready for prospective bidders tomorrow at the city clerk's office, and the bid opening date will be April 1.

Quick action was ordered after a special meeting of the city council Tuesday night when bids for sale of \$1,855,000 general obligation bonds were opened and a contract signed with Mercantile Trust Co., St. Louis, and associates with an average interest rate of 4.81625.

Interest costs during the 19-year span of the bonds will amount to \$1,014,039 — a figure verified by Horace Calvo, bond attorney for the city, and John Gebe, representative of the Mercantile Trust Co., St. Louis, and associates with an average interest rate of 4.81625.

The special session was attended by 11 aldermen, who voted unanimously to accept the Mercantile Trust Co. bid. Associates of the firm are John Nueven, Stifel Nicolaus & Co., White Phillips Co., Channer Newman Securities Co., all bond houses; and the First National Bank in St. Louis, LaSalle National Bank, Chicago, and the First National Bank of Memphis.

**Two Other Bond Bids**

Two other bids also were opened at 7 p.m.

Continental Illinois National Bank & Trust Co., with Granite City Trust & Savings Bank as an associate, submitted a bid with an average interest rate of 5.1486 and gross interest amounting to \$1,085,158. The other bid was from Northern Trust Co. and associates with an average interest of 4.92587 and gross interest cost of \$1,038,141.

The Mercantile loan bid included a payment of \$1,855,184 to the city, with the bond retirement to be on the following schedule:

For bonds maturing from 1969 to 1974, 3% interest; 1975, 4.80%; 1976-82, 4 1/2%; 1983-84, 4.80%; and 1985-88, 4.75%.

Alderman Bartosiak, chairman of the Special Sewer committee, presented the bids to the council. The members present were Moerlein, Boyd, Poulos, Green, Rutledge, Noon, Basarich, Robertson, Dawes and Johnson. Other aldermen present were Mayor Partney, Clerk Pendleton, Treasurer Rich and Comptroller Stevens.

**Scope of Project**

The three-phase storm water project, for which \$1,400,000 of a \$1,500,000 grant of federal funds will be used, includes the start of a separation of storm water and sanitary sewage in Granite City.

An open ditch is to extend from Bromley avenue at East 23rd street, on Granite City, to the levee district ditch, an underground line from Victory drive to the ditch and trunk lines through the older sections of the city.

Commenting on the bond bids, the bond consultant expert said

## Army Pvt. Bell Killed in Vietnam; 15th Area Fatality

Army Pvt. Donnell Bell, 18, son of Mrs. Helen Bell, 1039 Calhoun street, Venice, died Feb. 25 in Vietnam of multiple fragmentation wounds received from a hostile mine while on combat operations the same day. He is the 15th Quad-City area resident to die in Vietnam.

Official notification of his death was delayed until two days ago, due to the tactical situation existing in Vietnam during the preceding few days, according to a telegram from the Army to the general.

An officer from the Granite City Army Depot informed the family of his death Monday evening.

Mrs. Bell received a telegram Feb. 26, advising her that the youth had been wounded in the legs and placed on the serious IV list aboard the hospital ship USS Sanctuary. Although his condition was judged of such severity there was cause for concern, the earlier wire said there was no imminent danger to life.

Bell was a lifelong resident of Venice. He had volunteered for Army duty ten months ago and had served as a fireman in the Venice area since December. He had attended Dunbar grade school and Madison senior high school.

The serviceman's father, Eugene Bell, who resides at 1227 Calhoun street, Venice, was

## GC Gets Summons In Nameoki Twp. Annexation Fight

A circuit court summons requiring an answer from the city of Granite City to show its authority for annexation of the 20-acre Grigby Junior high school tract near Pontoon Beach was presented to the Granite City council Monday night. The challenge is being made by the Nameoki town board.

The aldermen referred the summons to City Atty. Allen, and a copy is to be sent to the school board attorney, Maurice Duley.

Council members pointed out the city had annexed the site of the new school at the request of the school district and that the school district should pay the cost of the court proceedings.

The city is to file the answer by the end of this month.

**Twice Refused**  
 In the petition, Nameoki township officials noted that quo warranto proceedings had been refused the township on Nov. 22, 1966 by the attorney general and on Feb. 20, 1967, by the Madison county state's attorney's office.

The Nameoki town board has claimed the city used an improper method for the annexation by going east along the Pontoon road right-of-way with a strip annexation from the city line at the Alton & Southern Railroad track to extend to the school site, also known as the Eberhart tract. The strip along Pontoon road is over 1000 feet long.

Nameoki township officials ask that if the city is unable to justify the annexation, that it be ousted and prevented from exercising any alleged control over the tract.

The school district sought annexation to get sanitary sewers and police and fire protection for the new junior high school which is to be opened next fall. Council members agreed that the school board's attorney should handle the case, but that the city attorney also should be present.

Also referred to City Atty. Allen was a notice of an intent to begin civil action against the city by Ralph Hartline, 1402 Kirkpatrick Homes, for damages and personal injuries incurred about 8:30 p.m. last Sept. 3 at R & P and 28th streets.

Hartline, 33, a motorcyclist, was injured when his cycle ran into the fence at St. John's Cemetery.

**BUI DIEM**  
 S. Vietnam Ambassador

## South Vietnam Ambassador to Speak at Banquet

Col. Charles E. Hoskin III, general chairman of the Federal Civil Service Employee of the Year program for the metropolitan area, and commanding officer, Granite City Army Depot, has announced that the guest speaker for the Employee of the Year Banquet will be the Ambassador to the United States from South Vietnam, Bui Diem.

The banquet will be held on Friday evening, in the Khorasan Room of the Chase Plaza Hotel. The group of over 1000 in attendance will be primarily made up of federal employees, their spouses and invited guests. The purpose of the program is to honor Federal Civil Service employees who have performed in an outstanding manner both in their work and community. Ambassador Diem is expected to talk about current problems in South Vietnam.

Ambassador Diem, also the publisher and editor of the Saigon Post, was born in Hanoi, Vietnam, in 1923. He is a graduate of the University of Hanoi, with a degree in mathematics. In the early part of 1949, he participated in the fight against Communism, remaining in the Communist Zone in North Vietnam until the end of that year when he escaped and joined the Nationalist Zone.

In 1951, Bui Diem went to France, Switzerland and England for further studies. In 1953, he entered government service and has since held the key positions of assistant to the Minister of Defense, head of the Vietnamese delegation for military and defense problems during the negotiations with the French government; member of the Vietnam delegation at the Geneva Conference in 1954; Secretary General of the Council of Notables; Secretary of State at the Prime Minister's Office; special assistant to Prime Minister Air Vice Marshal Nguyen Cao Ky; Secretary of State for Foreign Affairs; and member of the Vietnam Delegation at the Manila Conference. From 1955 to 1963, he was in private business and taught mathematics. In 1964, he went on a fact finding tour around the world.

He presented his letter of credence to President Lyndon B. Johnson in January 1967, at which time he was officially recognized as the South Vietnamese Ambassador.

## Sidewalk Cleaner Demonstrated Here

A demonstration of an \$8300 machine to clean sidewalks was given Tuesday evening in the downtown business district by the Air Sweep firm for city officials and officers of the Associated Retailers.

Arrangements for the demonstration of the machine which has both water pressure and vacuum cleaning methods was arranged by Mayor Partney, who said he had seen them in operation in Springfield.

## Boy Attacked by Dog

Robert Sharp, 14, of 2101 Terminal avenue, suffered 1 1/2-inch lacerations to the lower left leg and left forearm when he was attacked by a German shepherd dog while walking along an easement near his home at about 3:45 p.m. Monday. He was treated at St. Elizabeth Hospital and was released. The humane officer was notified.

ered an "emergency" matter and that it might not be possible to wait several years for legislative authority. He noted that much of the work required in enlarging drainage flow from the Pontoon Beach area might be done by levee district workers.

**Federal Money Available**  
Levee district officials have pointed out that federal grants in amounts ranging up to \$6 millions are available if matching funds can be obtained. While the district has about \$14 millions in bonding power, officials recognize the improbability of obtaining referendum approval of a bond issue, and therefore seek legislative action which would authorize issuance of bonds without a vote.

Tolar said he was in Springfield Monday when the Illinois legislature convened in a one-day session to discuss the proposed legislation for setting up a state commission, but that he has not heard since whether a bill was introduced at that time.

The board yesterday approved February claims amounting to \$74,350, and a February payroll of \$48,064. It also voted to renew its \$1000 per year membership in the Regional Industrial Development Commission of St. Louis after Reid Ross, manager of RIDC, appeared briefly before the board to seek the district's continued membership.

A report by district treasurer Thomas Statoff of Pontoon Beach showed the district issued \$100,000 in anticipation warrants during February. The warrants were sold to the Bank of Cahokia. Together with a Feb. 1 balance of \$13,803, income during the month. Disbursements amounted to \$62,615, leaving the district a March 1 balance of \$61,615.

mayor and the Street Committee members get together and reach an agreement. Johnson said his committee could get together only on a Saturday or Sunday. Mayor Partney replied he was in his office from 8 a.m. to 5 p.m. Monday through Friday and was attending many night meetings—but would not be available on Saturday or Sunday. This weekend, he is a special guest of the Elks Lodge for its state bowling tournament here.

Whitmer offered his services as a mediator to arrange the meeting prior to the next council session on March 18.

The big problem is, if the contract is signed, will the mayor sign the payment checks?

The council voted almost unanimously last week for preparation of the ordinance to increase the mayor's expense allowance from the present \$1500 a year to \$3000.

# Vote on Expenses

On the motion for suspension of rules, those voting "aye" were Whitmer, Rutledge, Basarich, Norn, Fry and Jarrett. Opposed were Dallas, Moerlein, Bartosiak, Boyd, Poulos, Green, Farmley, Robertson, Dawes and Johnson.

The tie vote to place the ordinance on first reading included "aye" votes by Bartosiak, Whitmer, Rutledge, Basarich, Norn, Fry, Jarrett and Robertson, and "no" votes by Dallas, Moerlein, Boyd, Poulos, Green, Farmley, Dawes and Johnson.

Norn urged the mayor to vote and break the tie. However, Mayor Partney said he would want a written legal opinion from the city attorney, or even the attorney general.

the interest rate bids were the best available on the present "spongy market." He added that while Granite City is financially sound, its nearness to East St. Louis, which has financial problems, could have resulted in the interest rate which is higher than others quoted in recent weeks. He termed it as "guilt by association."

During Monday night's council session, Bartosiak reported the start of the \$192,904 sanitary sewer construction is set for next week, and it was agreed that the contractor, General Contracting Co., will be asked to start in North Granite, rather than in sections of West Granite. Easements are need in the Nameoki area for sanitary sewer lines on property of Grace-Land Baptist Church and Valencia Ice Cream Shop.

The proposed municipal study would include "the maximum amount of local credits available from all sources, the length of time these credits are eligible for urban renewal funds, and the maximum project area which, in the city's judgment, can provide the greatest benefits for the greatest number of people."

In other business, Chairman Henry Gabriel said the traffic commission is studying Nedra house avenue traffic flow in relation to the future opening of Federal Aid Route 151.

A list of blind spots and hazardous intersections, including difficult-to-see traffic controls, is being compiled for forwarding to city officials, it was noted.

**Information for Newcomers**  
Allene Jesse, area improvement committee chairman, reported on May cleanup, fire-up campaign plans and Charles Baricovic, head of an improvement subcommittee, said churches are being prepared to acquaint newcomers to the community with data on government schools, health services, churches and recreation.

Vice-President Leo Konzen discussed school finances and Chairman Russell Crecelius reported on Congressional action. Crecelius' resignation as committee chairman was accepted with regret, and A. H. Froemling was named to head Congressional action.

After a resume of Quad-City Safety Council activities by Gerald Walters, proposed formation of a Chamber safety committee was referred for committee study.

Retail-Commercial Chairman Al Amberg said distributive education programs are being discussed with Quad-City school districts. Plans were completed for the board to honor new industrial executives at a get-acquainted dinner April 1 at Tony's restaurant.

Observance of Chamber of Commerce Week was set for April 23-28, with emphasis to be placed on the role of the organization in the local community. President Howard Kaseberg presided.

### GC Man, 45, Nabbed After Stabbing Case

Harold E. Pasley, 45, of 4010 Braden avenue was charged with aggravated battery in connection with a stabbing and with four traffic charges following an auto chase by police at about 2:30 a.m. today.

After eluding Granite City police, he was spotted driving at a high rate of speed by Madison patrolman Ronald Graywicz, who received a radio report and stopped him in the 1300 block of Edwardsville road. The officer pointed his revolver at Pasley to force him over to the curb.

Pasley was taken from his car at gunpoint and handcuffed until other officers arrived. A police report at 1:20 a.m. charged that Pasley had stabbed Franklin A. Smith, 39, of 3105 Willow avenue, in the hand after Smith had called up to a trailer court at which Pasley resides to let Pasley's former wife, Mrs. Georgia Pasley, out of his car.

Traffic charges included failure to give the right-of-way to an emergency vehicle, a 4th degree violation of the traffic laws, speeding at Pontoon and Namooki roads, and running stop signs at Leonard and Myrtle avenues and at Leonard and Namooki.

Pasley was to appear before Magistrate Matson today and a preliminary hearing may be set for 3:30 p.m. Friday.

### Two Garages Damaged In Fires Wednesday

Two garages were damaged by fire Wednesday afternoon as the result of burning trash, the fire department reported. Loss was estimated at \$200 at the home of Albert Timko, 2228 Benton street, at 4:50 p.m. It was extinguished in 15 minutes. Damage was set at \$25 to the garage and yard at the home of Leonard Hawks, 2464 Cleveland street, at 3:35 p.m. It was out in 10 minutes.

Firemen also were called to a weed fire on Rode avenue at 5 p.m.

### State Park Burglary

Coin boxes containing about \$100 were stolen from two pinball machines which were prior on a burglary at the State Park confectory, 3302 Harvard place, State Park Place, after 9 p.m. Monday, it was reported to the Madison county sheriff's office at 8 a.m. Tuesday. Entry was gained by removing the front door glass.

county—petitions also were "placed on record" at Edwardsville. Ebersold and Grant, in behalf of the other three members of the board, Lawrence Told, president, and George Duff and Morris Campbell, all of whom are Democrats.

At the same time, it was learned, Told, Duff and Campbell well filed petitions of candidacy at Belleville and included petitions of Ebersold and Grant "as a matter of record" for all five board members was recorded with the secretary of state's office at Springfield, Monday.

Ebersold said this procedure was followed because of uncertainty over the legal opinion on an amended state law providing that trustees of the bi-county district should run in the general election.

It was pointed out that the possibility these rulings might be reversed. The levee district is comprised of parts of Madison and Clark counties. In the past levee district candidates ran on a district-wide basis and filed nominating petitions with the secretary of state's office.

### 2 Unknown Candidates

Short after Ebersold and Grant filed their petitions in Edwardsville, political sources reported petitions had been obtained for two other Democratic levee board candidates whose names were not disclosed.

The opposition to Ebersold and Grant, if the petitions are filed, reportedly would campaign along with other Democrats for county and district offices in opposition to "regular line" Democrats who have the endorsement of the Madison County Democratic Central committee and the powerful Madison-Venice Democratic organization.

Word of Venice and Mayor Stephen Maers of Madison. The opposition to incumbent Democratic officeholders is expected to be a hot issue during the political differences between Dr. Lee and Mudge, both of whom filed petitions as candidates for the national nominating convention last Monday at Springfield. Although two candidates were elected from the 24th Congressional District, made up of St. Clair county and part of Madison, the delegates posts are at issue because of a third candidate, Monroe L. Flinn of East St. Louis, a former State Senator. Flinn also filed petitions Monday.

It was understood from reliable sources that Mudge, through both an intermediary in Granite City, sought to get Dr. Lee out of the race.

Mudge, it was said, promised opposition to incumbent levee board members and a Democratic primary fight for other offices if Dr. Lee did not withdraw.

## 86 Area Seniors Win Scholastic Honors

Eighty-six senior high school students from 18 area cities are among a total of 15,500 students in Illinois who have been named winners in the 1968-69 Scholastic Achievement Program. The successful local candidates include 76 Granite City seniors, seven from Madison and three from Venice.

Dr. Lloyd S. Michael, chairman of the Illinois State Scholarship Commission, this week announced that one of the overall state winners, 684 students have been offered monetary awards totaling \$4,342,617, and 7158 students have been granted honorary awards.

He explained the remaining students rejected award consideration by choosing out-of-state or unapproved institutions not covered by the scholarship grants. Each winner will receive a Certificate of Merit in recognition of achievement in the program, he added.

Approximately 35,000 high school students competed for 1968-69 honors, with 89% of all Illinois high schools having winners in this year's program. This is the 11th class of winners to be announced. State Scholarships are renewable annually upon application.

### Party Honors Mrs. Schmidt

A party honoring Mrs. Maud Schmidt, who was a nurse at the American Steel Foundries for the past 17 years until her retirement in February, was given Monday evening at the Flamingo Pit restaurant, Edgewoodville.

A buffet dinner was served with 20 attending. Tall green candles lighted the U-shaped table which was decorated in keeping with the St. Patrick Day theme.

Mrs. Schmidt was presented with an orchid pinned by her daughter, Mrs. Glenn Ernst of St. Louis county. A special surprise was a tape recording of voices prepared and read by her friends. Marvin Garin sang, "When Irish Eyes are Smiling" and "Bridget O'Flynn" and Lucy Reader, who sang her own arrangement of words to the tune of "Hello, Dolly."

Messages from guests unable to attend were read by Mrs. Helen Broadway. Mrs. Schmidt received a number of gifts followed by games and prizes awarded to the winners.

Others present were Delphine Armbruster, Mae Schuttkoff, Helen Gilligan, Kathleen McFarland, Ada Thomas, Bernadine Asperger, Clara Lux, Dorothy Belleville, Amy Clem, Barbara Ballhorn, Marie Hoekstra, Helen Polley, Margaret West, Marilyn Lindsey, Diana Meszaros and Mary A. Meyer.

### NEWLYWEDS WILL RESIDE HERE

Mr. and Mrs. Earl M. Stone returned over the weekend from a wedding trip taken along the Gulf States, after their wedding at Hope Lutheran Church, Jerseyville, recently. Pastor Ledebur officiated at the 7 p.m. candlelight ceremony.

The bride, who is the former Miss Karen Daugherty, is the daughter of Mr. and Mrs. Sen Daugherty, 2641 Iowa street, and the groom's parents, Mr. and Mrs. William J. Stone reside in Jerseyville.

Attending the couple were Mrs. Myra Millip, a sister of the bride, and Dr. Victor Oberbey.

The former Miss Daugherty was graduated from the local high school in 1961 and from Harding College, Searcy, Ark. She taught in the elementary schools in Bakersfield, Calif., for two years and is now teaching in the second level at Parkview school.

Mr. Stone received his Bachelor degree from Illinois State University and a MA degree from Oregon State University. At the present he is a graduate fellow in the Nextop program at SIU-SW campus.

The newlyweds will make their home in Granite City.

### AWARDS, PINWOOD DERBY FOR PACK 21

Cub Scouts of Pack 21 met at the Madison Junior Service center for their monthly pack meeting. The meeting was called to order by Mrs. Elizabeth Winkick and the pledge of allegiance to the flag was given in unison.

The following clubs received awards: dinner bars, David Fanning and Timothy Baker; assistant dinner bars, Garry Gravelle and Charles Landis; and two-year pins, Michael Noud and Kevin Ditch, who also received perfect attendance awards for the past two years.

Bobcat pins went to Henry Fassold, Mike Graham, Vernon O'Dell and Robert O'Dell. Wolf badges went to Timothy Roberts, Jerry Stubbfield and Chris Blakeburn; and bear badges to Gregory Hunka, Timothy Shadrer and Thomas Bain.

Tom Walker, Thomas Bain and Gregory Hunka were awarded the Webelos. Webelos badges went to David Garrison, Tom Harris, Tim Fisk, Brian Payne, David Scrum and Larry Brassfield. A recruiter slide was presented to Darrin Obermeyer for recruiting three boys into cub scouting.

Mrs. Genna Norman, Mrs. Virginia Ditch, William Fanning, Robert Noud and William Price were awarded two-year service pins for leadership.

The pack's first pinewood derby was presented. Each boy displayed his racing car, which he had made starting with a block of wood. First place for his car went to Michael Graham, second place to Charles Dorste and third place to John Paluch.

Other boys taking part in the event were Donald Ashby, Terry Brassfield, Randy Thompson, Walter Wallace, Benny Dunning, Kenneth Dunn, Frank Dutko, Brian Eaves, Ray Finch, Steven Gibson, Terry Harris, Tom Harris, Phillip James, Billy Knucha, Mike McClanahan, Bobby Morgan, Larry Nowicki, Allen Pendleton, Doyle Plunon, Dennis Price, David Richardson, Terry Sharp, Jeffrey Skinner, Mike Skolko and Robert Sorenson.

Refreshments were served to parents and children.

# Kahoks Edge Upset-Minded Warriors, 66-58

Trailing only 55-54 when Dave Meizer hit a field goal with three minutes to play, the Granite City high school basketball team lost two players on fouls and was eliminated from its regional tournament here Wednesday night, bowing 66-58 to the Collinsville Kahoks.

The Kahoks will now meet the winner of tonight's 8 o'clock game between the Alton Red Birds and Edwardsville Tigers tomorrow at 8 p.m.

Tom Parker was too much for the Warriors to handle last night as he pumped in 34 points to match his uniform number. He also was tough off the offensive and defensive boards, finishing second on his team in rebounding.

Gary Simpson led the Warriors with 26 points. Quarter Kahok leads were 16-11, 32-30 and 45-42.

**Warriors Score First**  
Collinsville snared the opening tipoff but Warrior Gary Ridenour rebounded the ball and Jeff Jones made the first score of the game.

Parker made the first Collinsville score on a 10-foot jump shot from the right side of the key. GCHS still prevailed at 8-6, but the Kahoks scored three

straight points.  
After a 9-9 tie, Collinsville built its five-point lead in the quarter.

Opening the second quarter, Parker scored but John VanBuskirk sank two 20-foot jump shots to cut the deficit to 18-15. Jones made a 15-foot shot, followed by a layup by Gary Simpson to put the Warriors ahead 19-18.

A Simpson goal made it 21-20. After 22-22 and 24-24 ties, Simpson meshed two free throws for a 26-24 GCHS lead.

Jeff Jones hit two free throws for a 28-26 lead but two consecutive baskets by Parker gave his team the edge. Simpson and Ike Tervidy traded goals before the halftime intermission.

It remained nip and tuck in the third period, with the Kahoks leading by two to six points.

With the score 43-39, Simpson sank a field goal to put the Warriors within two points, but it was 45-42 as the final quarter began.

**Final GC Lead at 49-47**  
Simpson made the first basket and was fouled. He was successful in his free throw and tied the score at 45-45.

It also was tied at 47-47, and a Simpson basket put the Warriors ahead for the last time, 49-47. There were deadlocks at 49-49, 50-50 and 52-52.

Meizer's goal made it 55-54 but Collinsville ran off nine straight points during a two-minute interval that included Ridenour's and VanBuskirk's fifth fouls.

**Clock Ends Rally**  
Down 64-54, Granite City tried to come back on Simpson's free throws and a Steve Harris goal. But only seconds remained and Collinsville ended the scoring with free throws by Mike Fletcher.

Warrior pointmakers included VanBuskirk and Jones 12 each, Meizer five, Harris two and Ridenour, one.

Coach Don A. Deterding praised GCHS for playing "as well as they knew how. The fouls hurt us more than anything else. Jones and VanBuskirk worked outstandingly against their press; they never lost the ball once."

"You can't run against a team like Collinsville, so we played a slower game than usual. Even when we were behind, the boys hustled and kept fighting."

Carolyn T. Hanger, 20, of 4907 Kirkpatrick Homes, was charged with theft of under \$150, stealing the purse of Mrs. Thelma Koglin, nurse in the intensive care unit of St. Elizabeth Hospital, at 4 p.m. Wednesday. The theft occurred last week.

She also was charged with escape for leaving the detective's office at the police station while being momentarily unattended. She was caught five minutes later at 20th and State streets.

She pleaded not guilty to the theft charge and was released on recognizance bond pending a hearing set, March 15. The escape charge was dismissed with leave to reinstate.

## Fence Along Widened Street Under Study

Granite City Housing Authority commissioners Tuesday continued their study of parking needs at Kirkpatrick Jones and a possible Nameoki road pedestrian overpass. They also are seeking a fence along Nameoki road, which is being widened.

Roof, window and interior improvements at older apartments were discussed without action being taken, and the board reviewed "turnkey" procedures under which private firms can contract to build apartments for transfer to housing authorities. The quota for new units in this area already has been utilized for the year ending June 30, it was noted.

## Theft at Laundromat

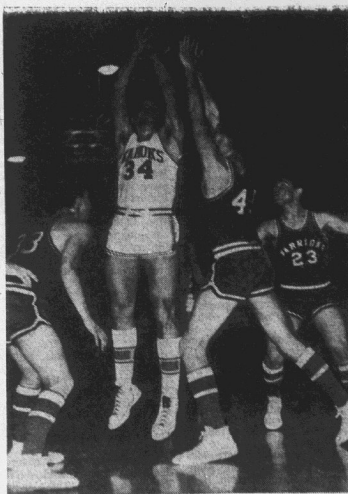

**Staged by Young Boy**

Louis Dement, 2233a Madison avenue, reported at 10:20 p.m. Monday that when he went to the Big Washer laundry, 2247 Madison avenue, to pick up some clothing, he routed a youngster who was prying a cigarette machine.

He failed to open it, but a soap dispenser was pried open and an undetermined amount of change taken. Dement said he chased the youth out of the rear door but lost him. He described the boy as being 15 or 16 years old and wearing a dark jacket, blue jeans and very long hair.

## Missionary to Speak

The public is being invited to hear Miss Wilma J. Roberts, a Methodist missionary to Brazil, Sunday at the First Methodist Church, Fifth street and Ewing avenue, Madison. A pot luck supper will begin at 6 p.m., and the program at 7:30 p.m. A native of Minnesota, she has been a missionary director and teacher in Brazil 11 and a half years.

**HIGH SCORER** in last night's game won by Collinsville was Kahok No. 34, who matched his uniform number with 34 points. Warriors shown are Gary Simpson (33), Gary Ridenour (45) and Roger Belshe (23).

## Close Games Likely at GCHS Tonight, Friday

Elimination of all local teams has taken some of the steam out of the Granite City regional high school basketball tournament, but outstanding games are likely in the remaining tourney action.

Edwardsville (18-5) and Alton (18-4) are paired at 8 o'clock tonight. It will be out of the frying pan and into the fire for the survivor, which will oppose Collinsville (24-2) at 8 p.m. Friday for the regional championship.

The tourney title will permit advancement to the East St. Louis sectional March 13-15 along with the regional champions from Belleville, Alton, Carlinville and Vandalia.

Other than the games involving Quad-City teams, none of the GCHS regional contests so far has been a close one. Collinsville mauled Alton Marquette 70-40 Monday as Tom Parker totaled 29 points. On Tuesday, Larry Hardimon scored 21 to lead Alton to a 78-42 decision over Roxana.

## Emergency 'SOS' Fund Drive Here

With a theme of "Support Our Servicemen," the Tri-City Red Cross chapter today launched a March special fund drive resulting from the continuing escalation of the Vietnam war and the expansion of American armed forces.

Direct services to armed forces and military families by the American Red Cross have grown to \$801.6 a year from the local chapter, not counting the chapter's own Quad-City area military service, which in recent months has climbed from \$400 to \$1000 a month.

Letters are being sent to organizations, firms and individuals explaining the emergency, and contributions of any amount may be sent by the public to the American Red Cross, Tri-City chapter, 1411 Twenty-first street.

Announcement of the special campaign was made by Jack Abelson, chapter chairman, and by Herbert Schermer and Gerald Walters, drive co-chairmen.

They cited a statement by Gen. William C. Westmoreland, commander in Vietnam, that "serving our men on the battlefields, the Red Cross is a hotline to the folks back home, an oasis in the heat of battle, and a comfort during hospitalization. Dedicated field directors work 24 hours a day alongside our fighting men."

Commenting on the Support Our Servicemen (SOS) campaign, the local leaders said jointly, "The war in Vietnam has triggered an unprecedented upsurge in Red Cross services to the armed forces, veterans and their families."

"Our men in Vietnam are depending on Quad-Cityans to maintain not only the vital services to them but to provide counseling, communications and

## Mrs. Ida Swanson, 81, Dies Unexpectedly

Mrs. Ida Mae Swanson, 81, of 1637 Second street, Madison, died unexpectedly at 7 a.m. today at the home of her daughter in St. Louis with whom she had been visiting.

Mrs. Swanson had not been well since suffering a fall three weeks ago and was under the care of a physician.

She was born in Illinois and had resided in Madison for 35 years. She was a member of the Daughters of America. Her husband, Harry Swanson, died in 1950.

Survivors include her daughter, Mrs. Hazel Mae Hines, 3600 North Spring street, St. Louis; one grandson, Gene Rathman; and a great-granddaughter, Renelle Rathman, both of St. Louis.

Funeral arrangements are given in today's obituary column.

## Theft at School Reported to Police

Athletic equipment and other items were stolen in a burglary at Parkway school. It was reported to police Monday. Some vandalism also occurred.

Taken were two basketballs, two footballs, four softballs, two six-inch rubber playground balls, \$2 in change, a complete set of school keys and \$50 worth of tools.

A pair of glasses belonging to a teacher was smashed. Obscene language was written on walls with indelible markers which also were taken. Entry was gained by breaking the rear cafeteria window and the exit was through a basement door which was left open.

Emergency financial aid to their families so that their minds will be free of concern for loved ones as they enter the battle zone."

**TORRID REBOUNTING DUELS** were a key factor in the Warrior-Trojan regional tournament game won by the host GCHS team 70-62 Monday. Pictured (left to right) are Warrior John VanBuskirk (40), Trojan Tom Weston (43) and Warriors Gary Simpson (32) and Gary Ridenour (44).

**GARY VS. GARY.** Gary Simpson (32) of GCHS and Gary Lusk (33) of Madison are shown in this action photograph during regional play.

**FILLED TO THE RAFTERS** with enthusiastic fans for the Granite City regional high school basketball tournament, the GCHS memorial gymnasium is shown during Monday night's competition, in which Collinsville defeated Alton Marquette and the host quintet eliminated Madison.

## Early Warrior Lead Too Much to Overcome, Trojans Bow Out 70-62

In past times when Granite City high school had a formidable athletic team, Madison often played the role of giant killer. Now the Trojans have been faring well in basketball and the Warriors have become the chief obstacle in their path.

Latest come-uppance for MHS cagers was administered by the host GCHS quintet in regional quarterfinal play here Monday night. The Warriors ousted the Trojans 70-62 and advanced to last night's semifinial contest with Collinsville.

It was the second straight season in which Granite City derailed Madison in both their regular season game and their post-season regional clash. The Warriors were not favored in any of the four meetings because of outstanding Madison won-lost records.

**2-4 Final Record**

Taking 2-0 and 6-1 leads at the start, GCHS was never behind and, by the conclusion of the game, had notched its

tenth triumph against 14 defeats. Madison had to settle for a 2-4 record, half of the four defeats being inflicted by Granite City.

Because the tournament play leading to the state championship game March 23 is "sudden death," the game ended all MHS hopes of returning to the finals at Urbana this year.

"Madison has always been strong on rebounding, but we were able to hold their advantage to two, 39-37," Warrior Coach Donald Deterding said in reviewing the contest.

**25 Points By Sophomore**

"It was a complete team effort, but I'd like to specifically mention Dave Melzer, a sophomore, who scored 25 points; Roger Belshe, a junior, who set up quite a few baskets; and Steve Harris, a sophomore, who came off the bench and did an outstanding offensive and defensive job in replacing John VanBuskirk, who fouled out."

From the scorer's table, Warrior hustle and free throw success appeared to be among the decisive factors.

GCHS sank 36 free throws to Madison's 20 while enjoying only a 22-21 edge in field goals.

**Simpson Contributes 19**

Gary Simpson, ably supplemented Melzer's deadly shooting, chalking up 19 points. Leading marksmen at the charity stripe were Melzer, with nine free throws, Simpson, with seven, and Gary Ridenour, whose 12-point production included six free shots.

Harris and Belshe each contributed five points, Jeff Jones three and VanBuskirk, one. Melzer, Simpson, VanBuskirk, Ridenour and Jones started for the Warriors.

**Lusk Hits 11 Free Throws**

Trojan starters were Gary Lusk, 11 free throws and 21 points; Tom Weston, 14 points including six field goals; James Scott, four points; Joe Collins, three points; and John Harper, who did not score.

Ridenour came off the bench to sink eight field goals and account for 18 points, and Titus Shipp tallied two points.

Jones' goal got Granite City rolling. After a Lusk free throw, Melzer and Simpson hit to provide the 6-1 margin.

Ridenour's second goal made it 11-4 and Melzer's second basket achieved a seven-point lead maintained when Lusk and Simpson traded goals. At this point Madison rallied on a Williams basket and Lusk charity shot to reduce the GCHS lead to 15-11.

**Williams Sparks Trojans**

The two teams then alternated in scoring until the quarter ended in a 19-19 score. Williams having scored six of the Trojans' last seven points in the initial period, Ridenour and Melzer each had six points.

A Ridenour free throw and a Belshe field goal restored a seven-point advantage early in the second quarter but Madison cut the margin to 22-19 on Lusk's two free throws and a basket by Weston.

Melzer, Simpson and Ridenour combined to move the Warriors seven points ahead once more, 28-21, despite another successful Weston shot. Further scoring sorties left a similar lead, 32-25.

Shipp scored to narrow the margin but Simpson duplicated his effort. Belshe's free throw made it 35-27 at halftime.

**Gain 11-Point Lead**

What might be in store for the second half became quickly evident as the Warriors raced to a 49-29 bulge, despite the loss of VanBuskirk on his fifth foul. Two free throws by Lusk failed to match Belshe and Harris goals and a Melzer free throw.

It was 42-32, 47-37 and 51-41 as GCHS maintained a consistent ten-point advantage aided by Melzer's frequent scoring.

By the time Melzer had scored again to produce a 53-41 lead at the close of the third period, he had nine points for the quarter and 19 for the contest.

The Trojans rallied, but it came too late.

A goal by Simpson at the start of the final period gave his team its first 14-point lead. Melzer provided 61-43 Edge.

Williams netted two free throws to cut it to 55-43 but Granite City reeled off six straight points—all by Melzer. Two goals and two free throws

completed his scoring for the evening but it had taken its toll almost insurmountable lead of 61-43.

This 18-point lead held up at 63-45 and 65-47 as Weston and Simpson took over the point-making for their teams.

Madison began its comeback with five and a half minutes remaining to be played, but for the next two minutes the rally failed to do much damage due to continued offensive accomplishments by the host squad.

Although Williams meshed two goals, Simpson and Harris dropped in free throws and time became the dominant factor, only 3:20 remaining with MHS still behind 67-51.

**Five Straight MHS Points**

With the Warriors trying to run out the clock, the Trojans began to hit paydirt.

Weston and Williams meshed two-pointers and Lusk hit a free throw to reduce the difference to 11 points, 67-56, with slightly less than two minutes to play.

With Shipp fouling out, Ridenour sank a free throw to make it 69-56 when there were 74 seconds left. Simpson fouled out and Scott cashed in on two free throws for a 69-58 tally with one minute to play.

**Reduce Lead to Seven**

Melzer missed a free throw and Lusk hit from the floor to advance the score to 69-60. When Scott garnered two free throws the lead had been reduced to 69-62, but only nine seconds remained.

Jones sank a free throw as Lusk fouled out, and the two seconds left were not enough to permit further scoring.

It was the end of high school basketball for five Trojans—Lusk, Weston, Collins, Williams and Shipp. Juniors with one more year to play are Dale Clinton and John Harper. Oscar Hagler and John Ervin are sophomores.

**Three Trojan Championships**

However, they could look back on a season that included the championship of the Midwestern Conference and two tournament titles—the Mater Del Breese Christmas holiday meet and the Litchfield tourney in January.

Still more competition lay ahead for the Warriors, who include two seniors—Ridenour and Jones.

Simpson, VanBuskirk, Belshe, Rich Hutchings, Rick Thompson and Larry Pirie are juniors, while Melzer and Harris are sophomores, indicating that the 1968-69 edition of the GCHS squad will include a number of players with extensive varsity—and regional tournament—experience.

## Hot Cahokia Eliminates Venice, East St. Louis

Will fourth-seeded Cahokia go all the way in the Belleville Althoff regional? The Comanches made believers of Venice by winning 62-56 Monday night and then upset East St. Louis 56-54 in overtime last night after tying 52-52 in regulation time.

Other games at Althoff saw East St. Louis oust Assumption 76-70, Belleville West beat Belleville East 74-58 and the host squad edge Lincoln of East St. Louis 61-59.

It will be Althoff vs. Belleville West at 8 o'clock tonight, with the winner tangling with Cahokia at 8 p.m. Friday for the right to go to the East St. Louis sectional beginning next Wednesday.

**Venice Rally Falls Short**  
Suffering its fourth straight regional opener defeat after four consecutive district championships, Venice trailed 16-11, 25-21 and 45-35 at the quarters but rallied to come within one point of tying late in the fourth period before Cahokia pulled away to its final seven-point margin.

Bob Davis of Cahokia did the most damage, totaling 21 points, as the Comanches failed to match Venice in field goal shooting, 23 of 41 to 24 of 41, but enjoyed a big free throw advantage. The Red Devils hit only seven of 25 charity tosses to Cahokia's 16 of 20.

The winners had a 30-23 rebounding edge.

**23-6 Season Record**  
The game ended Venice's 1967-68 season with an outstanding 23-6 won-lost record. Red Devil Coach William Ohlendorf concluded that "we were beaten mostly at the free throw line" but added that "it hurts a team when it has to play catch-up basketball. Cahokia has a good team—steady on offense and defense."

John Gardner scored 20 for Venice, Tom McIntosh 14, Fessor Gray nine, Larry Mosby eight and Russ Turner and Frank Glover, two each.

## First Hockey Game at GC Ice Rink March 13

The first ice hockey game ever played at the new Granite City ice rink will take place at 8:15 p.m. Wednesday, March 13, as two teams from St. Louis give an exhibition of their playing skills.

The teams will be from Winterland and Webster Groves. Both are composed of boys aged 10-12. Admission will be free and there will be no late session on that night.

## Second Park Mat Tourney This Weekend

The Granite City park district will hold its second annual invitational wrestling tournament at Coolidge junior high school Friday evening and Saturday morning.

Weight-ins will be held today from 4:30 to 7 p.m. The first and second rounds will be wrestled Friday starting at 6 p.m., with three matches taking place at one time. On Saturday, the semifinal and final bouts will start at 9 a.m.

Weight classes are 56, 62, 68, 75, 85, 95, 105, 115, 130, 145 and heavyweight. The bouts are matched strictly by weight; it is possible that a boy in the fifth grade could wrestle a boy in the eighth grade.

Fourth to eighth graders are eligible with an age limit of 14. Teams entering are Granite City; Hazelwood Lads, champions of last year's meet; Riverview Lads from Riverview Gardens; St. Charles, Mo.; Boys club; CBC of St. Ann, Mo.; Ferguson; Florissant; Country Day; and St. Luke's. A club can enter as many wrestlers in any weight class as qualify for that division.

Trophies will be awarded to the first, second and third place teams. Plaques will be given to the wrestler with the most pins, and to the outstanding coach. Medals will be presented to wrestlers earning first, second or third in each of the 11 weights.

Last year, the tournament drew 115 boys. This year, 150 are expected.

## Inter-City Meeting; Teams Begin Drills

Managers and coaches of the Southwestern Illinois Inter-City Baseball League will meet Sunday at 2 p.m. at the East Alton community center, Third and Haller streets.

John Lucas, league secretary,

said that a baseball will be adopted and sporting goods firms may send representatives. Teams seeking to join the league also may be considered. A few of the teams already have started using school or community center gyms for drills by their pitchers and catchers.

Cornering at high speeds is one of the last things to expect small cars to do, successfully. Unless it's a SAAB, the out-of-the-ordinary small car. Out of the ordinary because it has front-wheel drive. So it doesn't push you around like others do. It pulls you around corners, curves and other drivers' mistakes. Is that all SAAB has? Not on your life. Most ordinary cars don't give you, even as ordinary, all the standard SAAB safety features.

## More Social Security for Man in Service

By RALPH BRASHER

**Social Security Office**  
Of special interest to military men and women and their dependents is a provision in the new social security law which

promises greater protection for them and their families.

Under the old law only a person's military base pay was counted toward social security benefits. Starting with January 1968, an additional \$100 will be counted for each month in which the person in military service is receiving active duty pay.

Since social security benefits are based on average earnings over a working career, you and your family may be able to receive higher benefits later because of the additional credits.

The Congress recognized that under the old law, the social security protection of a worker might be impaired during a period when he is in military service, because of the relatively low earnings covered under so-

cial security. This new provision seeks to take into account the value of payment in kind—such as fringe benefits as food, housing, and clothing, and medical services, which are in effect part of the serviceman's earnings.

These earnings credits will automatically be credited to your social security account, and you do not have to make any kind of application to receive them. They will not mean additional social security contributions from your paycheck, but will be attributed to the general funds of the Treasury.

## Change Planned In Local Hospital Governing Board

Steps are being taken by the governing board of St. Elizabeth Hospital to amend the hospital charter and governing by-laws to permit lay persons to serve on the board which now consists only of members of the Order of Divine Providence.

Sister Mary Thomas, hospital administrator, reported on the governing board's action Monday afternoon during a meeting of the Lay Advisory board, pointing out the hospital's documents are being studied by Atty. William Beatty.

She said one or two lay persons are being considered for the governing board now made up of Mother Mary William, president; Sister Mary Paul, Sister M. Lucia, Sister Mary Marce, Sister Mary Jerome and Sister Mary Thomas.

Austin Witter, chairman, presided over the Lay Advisory board meeting, attended by 18 members who heard an outline of the tentative schedule for start of the hospital's new wing and modernization program.

Sister M. Thomas said the construction plans will be submitted for bid by March 15, with the bid opening to be April 27 or 28. Plans are being made for a gala groundbreaking ceremony with the date and details to be worked out.

Reporting on the fund campaign for the building, John Drees, public relations director, said new pledges February amounted to \$864 solely from hospital employees. Pledge payments during the month were \$841. The total pledged to date is \$1,134,210, and total pledge payments amount to \$305,415.

Sister M. Thomas, who also is president of the recently formed Social Concerns group, made up of representatives of Quad-Cities social and welfare agencies, reported the group is asking Southern Illinois University to update a study for development of a public health department for the area. Final word is expected in the near future from SIU President DeLyte Morris.

## Propose Nameoki Area Join Long Lake Fire Dept.

A request that the Long Lake fire district at Pontoon Beach accept annexation to its fire district of a section of Nameoki township now without fire protection will be made within the next week by a special citizens' committee which has been seeking a solution of the problem.

Roger Deltour, assistant supervisor of Nameoki township, told the Press-Record that annexation of the Nameoki area to the Long Lake fire district is the most logical solution of the area's need for fire protection because a study has shown the cost of establishing a separate Nameoki fire district would be prohibitive.

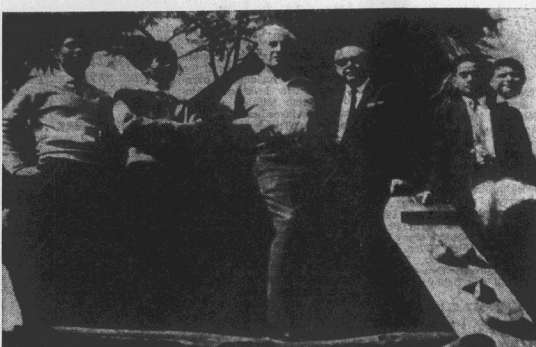

Means of obtaining fire protection for the area including Miracle Manor, Nameoki Acres, Belleme Place, Dewey Place, Northland Estates, Wellington Heights and Maryville Heights were sought after Granite City officials cut off fire protection outside the Granite City limits last Nov. 20.

Deltour said that if the Long Lake fire district accepts the Nameoki request to join the district, a referendum on the annexation plan would be held. Residents of the area involved, if they voted in favor of annexation, then would pay the same 9.7-cent per \$100 valuation tax rate that is paid by present occupants of the Long Lake district.

The special study committee made up of Robert Whittaker, William Mullens, Martin Chast, Sherwin Martin and Deltour was named after Nameoki township officials suggested two methods of providing fire protection. One was by establishing a Nameoki fire district and the other was by annexation to the Long Lake district.

Deltour said the committee had studied the proposal to establish a fire district, but that it was determined the allowable tax rate would provide only a few thousand dollars. This, he said, would be far insufficient to buy equipment, build a fire house and offer suitable protection to the area.

On the other hand, he said, annexation of the Nameoki area would provide additional funds to the Long Lake district which already has an adequate fire department. In addition, he noted, the Long Lake fire department would be able to recruit additional firemen from the Nameoki area and thus supplement its present manpower.

**INSPECTING EDUCATION FACILITIES** in remote areas of Vietnam is Dr. Delyte W. Morris, president of Southern Illinois University, shown with SIU and Vietnamese educators in front of a "long house" at Ban Me Thuot (Dusty City). In the group from left are two Viet teachers, Morris, Arthur Aikman, chief-of-party of the SIU educational team; Nguyen Bong, director of the in-service center; and H. Franklin Clendenon of the SIU team.

## Dr. Morris to Describe Southeast Asian Tour

Dr. Delyte W. Morris, president of Southern Illinois University, will describe his recent tour of South Vietnam and Southeast Asia at a dinner meeting of the SIU-Chamber of Commerce liaison committee at 6:30 p.m. next Thursday at the Granite City Army Depot officers club.

Reservations may be made at the Tri-Cities Chamber of Commerce. Harold R. Fischer is committee chairman.

Dr. and Mrs. Morris left last Oct. 28 for an extended visit with SIU educators serving in Afghanistan, Nepal and Vietnam, and returned Jan. 31. SIU educators are assisting in the improvement and development of normal schools and elementary education in the Far East and in Africa under contract with the Agency for International Development which finances the work of the educators in foreign lands.

Periodic inspection tours are specified in the contracts. In 1963 he made similar visits to university personnel in Nigeria, Mali and Senegal.

The Morris' traveled by way of New Zealand and Australia to visit a number of universities and to observe the use of radio and television for providing education in remote areas of these countries.

Throughout the tour they met with SIU alumni groups and individual graduates and made stops at Kuala Lumpur, Malaysia, where families of SIU educators working in Vietnam have been evacuated for safety during the Vietnamese conflict.

**Dinner to Welcome Rev. Shea; Leahy to Speak**  
A dinner to welcome Rev. Terry Shea, new pastor of St. Mark's Church in Venice, to the community will be held at 6:30 p.m. Tuesday at the Rose Bowl restaurant.

Guest speaker will be Frank Leahy, former head football coach at the University of Notre Dame, South Bend, Ind. Father Shea has served as "chaplain" to annual weekend football excursions to Notre Dame, attended by about 85 men of all faiths from Madison and St. Clair counties, while he was pastor at Witt, Ill. Individuals who have attended the excursions in the past, and other friends, have been invited to the event. Willard Portell of Granite City is in charge of arrangements.

**Sp4 Webb Home on Leave From Duty in Vietnam**  
Sp4 Ralph E. Webb, son of Mrs. Mollie Webb, formerly of Granite City, has arrived home from Vietnam after serving 18 months in communications with the U.S. Army.

A graduate of the Granite City high school in 1963 he enlisted in 1966 and will serve his final year of service at the Pentagon in Washington, D.C. He has a 45-day leave which he will spend locally visiting relatives and friends.

## Geissert Retires From Fire Dept., Two are Promoted

Fire Capt. Ralph Geissert announced his retirement in a letter to the Granite City council Monday night, ending a career of 23½ years with the department.

The Board of Fire and Police Commissioners, meanwhile, promoted two firemen and made a temporary appointment to fill a vacancy Tuesday night.

Robert W. Nunn was promoted to captain from chauffeur and Richard Wertheis was promoted to chauffeur. Appointment of the new fireman is contingent upon his passing a physical examination to be taken Saturday.

Capt. Geissert, 58, was first appointed to the fire department on Sept. 1, 1944. He was promoted to captain on March 1, 1959.

He resides with his wife at 1709 Venice avenue. They have two married daughters. He plans to remain active for the next several months on the golf links and at fishing areas.

Nunn, of 2801 Marshall avenue, was appointed to the department Jan. 9, 1966, and was named chauffeur on July 1, 1960. Wertheis, of 2509 Hodges avenue, was named to the department on May 16, 1958.

### MRS. VOTAW HONORED BY SCOUT LEADERS

Mrs. Doris Votaw, Girl Scout district chairman, was honored by leaders of Neighborhood Four Monday evening at their March meeting.

Mrs. Votaw was presented a Girl Scout statuette in behalf of the leaders by Mrs. Wanda MacDonald, new Neighborhood Four chairman, for her efforts as acting neighborhood chairman for the past year.

A gold pin was presented to Miss Helen Canada, district advisor, for her assistance with neighborhood activities.

The leaders discussed a Brownie level, Junior Fun Day, the Cadette birthday party next Saturday evening, and a Girl Scout cookie sale. Also discussed was a neighborhood-wide court of awards and an international dinner to be held March 28.

Hostesses, Mrs. Joyce Stinson and Mrs. Dolores Riddle, served refreshments to Mesdames Barbara Hinson, Judy Brokaw, Peggy Mangon, Betty Kuting, Diana Hessel, Margie Potter, Thelma Biggs, Joan Yetter, Doris Votaw, Pat Johnson, Shirley Long, Maude Bates, Willie Hayden, Margaret Duncan, Phyllis Brusti, Gail Broeker, Mabel Dacus, Denise Schmitz and Misses Mary Jane Zimmer and Carolyn Votaw.

### TENTH BIRTHDAY

The tenth birthday of Deborah Everts was celebrated Sunday evening at a party given by her parents, Mr. and Mrs. Doris Potillo, at their home, 2005 Kirkpatrick Homes.

Gifts were opened by the honoree and refreshments were served to Mrs. Minnie Rowley, Mrs. Shirley Lane and children, Brad and Kathleen, Mr. and Mrs. Ray Potillo, Mrs. Dorothy Johnson and son, Timmy, Mrs. Opal Skipper, Mr. and Mrs. Roger Clem and Miss Cindy Everts, sister of the honoree.

The Junior Girls' Auxiliary of Suburban Baptist Church met Monday evening at the home of Miss Evonne Rushing, daughter of Mrs. Wilma Rushing, 2428 Madison avenue, for a social evening.

A St. Patrick's Day theme was used for discussion, and refreshments and games were enjoyed by Mesdames Gina Forshee, Barbara Phillips, Lilla Carra-da, Kim Kluchan, Margaret Carille, Jeanie Vaughn, Sandy Batey and Ruthann Fisher and Mrs. Frankie Barnett, counselor.

### CADETTES TO OBSERVE

Cadette Girl Scout Troop, 1174 met Monday evening at the home of the leader, Mrs. Pat Eaton, 2409 East 25th street, for a weekly meeting.

The troop members discussed the Cadette birthday party to be held Saturday evening at the Lincoln Place Community Center, and also discussed wearing uniforms and taking their families to church on Girl Scout Sunday, March 10. They will take part in the Webster school PTA program next Monday evening and hold a mother-daughter event this spring.

Registration money for the coming year was turned in by the girls and the remainder of the meeting was spent working on "bunny boxes."

Attending were Ruth Bird, Kitty Chapline, Pam Clay, Becky Graham, Kathy Harrington, JoAnn Head, Karen Lee, Debbie McKinney, Gail Spray and Frances Welby. Mrs. Eaton was assisted by Louie Clay.

## Annexation to GC Sought For Fire Protection

Two petitions for annexation to Granite City to get fire protection were received from residents of the 2300 block of Independence drive Monday night and were referred to the City Plan Commission by the city council.

The petitions were submitted by Mrs. Marie Cottrell, who has two lots at 2313 Independence, and Carl E. Gibson of 2317 Independence drive, City Atty. Allen was asked for the proper legal procedure and he outlined the need for a recommendation from the plan commission. He estimated the legal proceedings would cost about \$200 and that surveys would be needed to get exact property lines would cost about \$500.

Council members urged cooperation with individuals wanting to annex to the city, especially if their property is on the city boundary.

Allen suggested that several such annexations be handled at one time in order to keep legal and court costs at a minimum. It was indicated the city would handle the legal costs for the annexation of groups but that the cost of surveying be paid by the individuals.

Alderman Norn pointed out the houses on Independence drive are adjacent to the city boundary, "and we don't want to discourage these people."

A study is to be made by the city building inspector on the condemnation status of a vacant four-family frame flat at 2116-18 Benton street. Alderman Poulos asked that it be razed because of the hazardous condition. Several aldermen said they thought it had been condemned several years ago.

to participate in different projects on an individual basis.

Mrs. Lybarger closed the meeting with prayer. Others attending were Mesdames Fern Mitchell, Mary Stegle, Louise Anderson, Bonnie Britton, Ruth Todd, Edith Simpson, Sylvia Cross and Betty Flinn.

## Attempt to Burn Way Into Venice School

An apparent effort to break into the shop classrooms of the Venice school building by burning out a door lock and a window frame with a railroad fuse was investigated by Venice police Tuesday afternoon, a short time after a bottle stuffed with a partially burned paper wick had been found in a janitor in the girls locker room.

Police, called to the school by Supt. John Pier, said they found the remains of one fuse by the door where an attempt had been made to burn the lock. A window frame also was burned and glass was broken, apparently from the heat, but entry was not gained.

The empty Molotov cocktail was found early Monday. There was no fluid in the bottle, but the end of the wick was charred.

### Truck-Car Collision

Minor damages were caused to two autos in a collision at Fourth street and McCambridge avenue in Madison, at 10 a.m. Tuesday. Madison police said the accident involved a panel truck driven by Francis E. Kelly, 2412 Bromley avenue, and a car driven by Edward A. Smith, Gillespie. Both vehicles were headed north on McCambridge when the mishap occurred.

# Nameoki to Cut 1968-69 Town Fund Levy 20%

Nameoki township's tax levy for the town fund will be reduced again this year when it is presented to the annual town meeting for approval April 2. Supervisor Harry Briggs told a regular meeting of the town board Tuesday night.

In addition, Briggs said, Nameoki township will operate during the 1968-69 fiscal year "in the black" in all funds for the first time in many years. This results, he explained, from an improved financial condition accomplished by paying off in recent years many thousands of dollars in bills that were on the books when he was elected supervisor.

Briggs told the board that the new town fund levy for the 1968-69 year will be cut about 20%, below the levy last year which amounted to \$34,120. That levy had been reduced \$16,000 below budgeted town fund expenditures of \$50,120 for the 1967-68 year.

**Funds on Deposit**  
Last year the township also levied only \$34,043 for general assistance purposes against an appropriation of \$94,525. He noted that during the past year the township had put \$10,000 into saving certificates. Balances in the town fund at the end of the present fiscal year on March 26, added to the funds on deposit, will permit the tax levy reduction, Briggs added.

In other business the board discussed construction of a fence around the Nameoki town office and highway garage for which it has received an estimated price of \$2000. The project will be submitted to the town electorate meeting April 2 for approval.

Charles Hanks, township highway commissioner, reported that the highway department drive to rid the area of junked autos, and said seven such junkers had been towed off public property in one week since the drive started.

He said that where ownership of autos parked along highways can be determined, they are notified by letter to remove the cars. Those who fail to do so within three days are sent a second notice allowing five days in which to move them. If no action is taken then, the highway department has them towed away, Hanks said.

**New Bill Predicted**  
Hanks also told the town board that another effort to enact Illinois legislation under which the state highway department would turn over about 300 miles of Illinois highways, most of them in disrepair, to counties and townships, is anticipated in the special session of the legislature this summer.

Hanks reported the matter was discussed in a state-wide meeting of state highway engineers, county highway superintendents and township highway commissioners at Champaign Feb. 27, 28 and 29, which he attended. He pointed out that attempts to pass such a bill failed in last summer's legislative session. The law, as it was drawn up last year, provided delegation of the highways to the counties which, in turn, would assign responsibility for their care to the townships in which the roadways are located. The previous bill carried no provision for financing repairs and maintenance.

Briggs said that Nameoki township, like most others, would oppose such legislation when it develops.

The board set 7 p.m. March 26 as the date of a public hearing on the new budget and appropriation. The next regular meeting will be held Tuesday, March 19.

**ELK OF THE YEAR**, Vincent Bischof (center), displays the certificate he received from C. O. Parker (left), exalted ruler of the Elks Lodge here, in a ceremony this week witnessed by Howard Kaseberg (right), Tri-Cities Chamber of Commerce president. Bischof was honored for his work as general chairman of the Elks state bowling tournament that opens here Saturday.

# Police Handling of Juveniles Explained to Rotary Club

Detective Joseph Nemeth and Sgt. Harry Mitchell of the Granite City police department were guest speakers for Tuesday's luncheon meeting of the Rotary Club in the YMCA and spoke on "Juvenile Delinquency."

The officers told of the activities of juvenile offenders in the local area and explained the new Illinois Judicial Act. The act provides for the State to take over supervision of children who are continuous court referral problems, the officers said, including juvenile delinquents and lawbreakers for boys up to the age of 17 and girls up to 15.

The most common acts of law breaking, they said, are burglary and shoplifting, continued for the most part on Friday and Saturday. Home break-ins are next on the list and these are most often attempted between 5 and 10 p.m.

The policemen told of the process an officer must follow after he has caught a juvenile in an act of breaking the law. First, a juvenile officer must be summoned to inform the youth of his rights—the same as an adult. If a boy is found guilty of the charge, he is first sent to the Illinois Youth Commission Center, Joliet, for two weeks of testing and then on to St. Charles Training School or to a forestry camp for five to seven weeks, depending on his behavior during this time.

The officers were introduced by Leonard Yelton, program chairman.

Alvin Barnes announced next week's program will be presented by Bill Hillier and his topic will be on "Behind Closed Doors" which deals with marketing of food.

# Set Hearing on Air Pollution Alert Plan

Public hearing on a proposal to establish an air pollution alert system in the area will be held by the Illinois State Air Pollution Control board in East St. Louis April 2. The hearing will be held at 2 p.m. in the city council chambers.

The system, which will be installed at major pollution points throughout Illinois, would warn citizens and industry when air pollution levels near the danger point.

Robert French, chief of the state's air pollution bureau, said present plans call for installation of the system this year. The first alert system will be installed in the Madison-St. Clair county area.

French said similar hearings are planned for Moline and Chicago. Rules governing use of the system will be incorporated into state regulations for control of air pollution.

The system would operate in three stages, the first to alert citizens when pollution concentrations were still below a danger level, but rising. The second stage would require calling industry asking them to curtail operations and the third stage would be a warning that the danger signal level had been reached. A shutdown of industrial pollution sources would follow.

# Arrested for Chasing Car; Is Fined \$80

Allen Singleton, 24, of East St. Louis was fined \$80 and \$20 costs by Magistrate Matosian yesterday following his arrest by Venice police on four charges at 8 p.m. Tuesday.

Venice police arrested Singleton when they saw him chasing another car at Brown and Klein street, and attempting to force it to the curb. Officers stopped both autos and found the first car was being driven by Mrs. Betty Hall of Brooklyn, who said Singleton had been trying to stop her car for several blocks. She said she was enroute to the police station.

Officers reported Singleton refused to show them his driver's license and at the police station became abusive. He was charged with disorderly conduct, speeding, running a stop sign. The careless driving charge was dismissed.

# Snelson Elected Head of GC Interact Club

James Snelson was elected president of the Granite City Interact Club at its meeting Tuesday evening. He succeeds Paul Sackett.

Other new officers are John Tyler, vice-president; Nelson Hediger, secretary; and Jack Hedger, treasurer. The new interact year starts June 1.

# Caine Steel, City To Break Ground For New Industry

Ground-breaking ceremonies for construction of the new Caine Steel Co. plant at Madison's Maerz industrial park will be held at 3 p.m. March 18, with a dinner to follow in the evening at Tony's restaurant near Mitchell. Mayor Stephen Maerz has announced.

The company has employed the William H. & Nelson Cluniff Construction Co. of St. Louis to erect the plant.

Company and city officials, the industrial development committee of the Chamber of Commerce, Illinois Power Co. representatives, contractors and realtors who have been involved in developing the industrial park and in locating the plant here are being invited to attend, Mayor Maerz said.

The plant will be the first facility to be constructed at the Madison site and is expected to be completed by Oct. 1. The city of Madison is financing the \$1 million project under a lease arrangement with the company.

# Wood Fire Reported

Firemen were called to a wood fire at the home of Mrs. Virginia Pierce, 2600 East 24th street, at 10:45 a.m. Tuesday. There was no damage.

SESSUICENTENNIAL FLAG presentation made to the city by the B&PW Club. Left to right—Mrs. Marie Hampton, Mayor Partney, B&PW President Mrs. Mary Batson, Mrs. Maxine Grissman, Mrs. Pearl Ryckman, Mrs. Verna Lengyel and Mrs. Emylee Alford.

**Sesquicentennial Flag is Given to City by B&PW Club**

City council proceedings were halted about midway Monday night for presentation of an official Illinois Sesquicentennial flag to the city by the Granite City Business & Professional Women's Club. The flag was given to Mayor Partney by Mrs. Marie Hampton, president of the B&PW. Mrs. Batson was accompanied to the meeting by Mrs. Maxine Grissman, recording secretary; Mrs. Emylee Alford, corresponding secretary; Mrs. Verna Lengyel, personal advisor to the club president; and Mrs. Pearl Ryckman. Mayor Partney accepted the blue flag with white stars and a big white "1" on which an outline of the state appears in red and said it would fly from the city hall staff, starting Tuesday. In making the presentation, Mrs. Batson said the commemoration of Illinois' 150th year was a part of B&PW's continuing program in the area of civic participation.

**DR. DEWEY R. EDER Women Will Conduct Services**

The Women's Society of World Service of Good Shepherd Evangelical United Brethren Church, 3025 National avenue, will observe World Service Day on Sunday and will conduct the morning service. Dr. Dewey R. Eder, interpreter of the Christian World Mission will be the featured speaker. He is a native of Freeport, Ill., and was pastor for 17 years of the First EUB Church in Naperville, Ill., ministering to faculty members and students of the College and Seminary. He founded the Carlisle Plaza Church in Albuquerque, N. M., and served as pastor for 10 years of the American Community Church in Beirut, Lebanon, an ecumenical Christian fellowship embracing 20 nationalities and an equal number of denominational backgrounds. As a member of the Travel Seminar of San Francisco State College after World War II he went to eight European countries with seven subsequent visits to the continent between 1953 and 1963. Dr. Eder will show slides Sunday evening at the Wood River EUB Church with the local church members as guests. The slides will be on "The Holy Land—Yesterday and Today" and "The Christian Religion in Non-Christian Lands."

**HOPE CIRCLE MEETS AND QUILTS**  
Mrs. Elizabeth Jones was hostess Wednesday to the Hope Circle of Niedringhaus Methodist Church. Mrs. Charles Reimers, leader, presided at the business meeting. Mrs. Pearl Campbell presented the devotions using the subject "God is a Big God" and the lesson was given by Mrs. Cundiff.

A quilting session was held. Those attending were Mesdames Clara Wardlow, Van Best, Augusta Pender, Evan Evans, Clara Dowdy, Ida Cox, Ethel DeKousse and Leona Tate.

#### Sunday Services

"Man" is the subject of the lesson-lesson to be read at the First Church of Christ, Scientist, 2560 Delmar Blvd., Sunday, March 10. The Golden Text is from Haggai.

#### Divorce Granted

Mary Orasco of Granite City has obtained a divorce from Larry Orasco of Venice in the Granite City division of circuit court. Cruelty was charged. They were married March 3, 1966, and separated Jan. 11. Custody of one child was granted to the mother, and the father was ordered to pay child support of \$60 per month.

#### Use of State Sales Tax Table Outlined

Illinois taxpayers may use a state sales tax table as a guide in preparing their 1967 federal income tax returns. The table is included in the instruction booklet mailed to taxpayers, Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, points out.

The table is based on consumer spending patterns and shows the average amount of state sales tax paid by Illinois residents. It may be used by taxpayers who itemize their federal income tax deductions. State sales tax on automobiles purchased is not included in the table.

Taxpayers are not required to use the table, Philpott said. The table is furnished as a guide for the convenience of taxpayers who want to deduct a "standard" amount for state sales tax, which does not require detailed substantiation. Taxpayers who choose to do so can deduct the actual amount of state sales taxes paid during the year.

M. W. DOWELL, new plant manager of the Madison division of Dow Chemical Co., who has succeeded Gerhard Ansel to the post. He formerly was extrusion manager at the local plant.

#### Daughter Arrives for Mr. and Mrs. Peterson

Mr. and Mrs. Larry W. Peterson, 2420 Center street, are announcing the birth of a daughter Monday at St. John's Mercy Hospital, Clayton, Mo. The new arrival has been named Kimberly Rene and weighed 8 pounds 4 ounces. She has two brothers, Kevin, 6, and Keith, 4.

The maternal grandparents are Mr. and Mrs. Robert L. Andrews, 2412 Center street, and the paternal grandparents are Mr. and Mrs. Ruby Peterson, 2412 Center street. Mr. Peterson is the former Sharon Andrews.

### Submit Forms Now for National Teacher Exam

Students desiring to take the national teachers examination April 6 at Southern Illinois University's Western campus have only a few days to register, according to Richard P. Walsh, director of counseling and testing.

He said registration forms must be submitted to the Princeton office of the Educational Testing Service by March 15 to qualify students for the exams.

The tests are categorized as common examinations, which touch on professional and general education, and teaching area exams covering 13 different teaching specialties.

The common examinations will begin at 8:30 in the morning and continue through 12:25 p.m. at the testing center. The others start at 1:30 p.m. and finish about 4:15 p.m.

### Miss French Named to Cave Exploring Office

Diane French, daughter of Mr. and Mrs. Earl French, 1614 Clark avenue, has been elected recording secretary of the Southern Kentucky State University.

The Grotto is a cave exploration organization. Miss French is a freshman majoring in history and minoring in political science and physical education.

### VHS Elects New Student Council Officers for Year

By SUSAN STERN

Junior Margie McGarrahan has been elected president of the Venice high school Student Council for the 1968-69 school year. She will succeed senior Jim Miller.

Others elected were sophomore Dave Scaturro, vice-president, and sophomore Rosemary Daniels, secretary. The president and secretary-elects will attend the state convention in April, and Scaturro is to attend the Traffic Safety Council session this weekend in Peoria.

VHS held its Teens Against Polio dance recently, with Mary Catherine Miller being crowned Tappan queen. Her attendants were Linda Devany, first; Virginia Ryby, second; and Janice Hayden, third.

The queen was selected by the amount of contributions collected. The Venice chapter of the March of Dimes provided the band, the Corvettes.

### Summer Operatic Study Planned for Students

A summer of operatic study in a sylvan environment will be available for those college students accepted in the 11th annual Summer Opera Workshop of Southern Illinois University, scheduled for June 17-July 27.

This workshop, conducted by Marjorie Lawrence, former Metropolitan and Paris opera star, is held each year at her 400-acre Harmony Hills ranch near Hot Springs, Ark.

Limited living accommodations are available for some of the workshop students at the ranch.

The singers participate in one concert of sacred music and, at the end of the six-week course, in a concert of operatic excerpts.

Inquiries concerning the workshop should be addressed to Robert House, chairman, music department, Southern Illinois University, Carbondale, Ill. 62901. Registration must be closed by June 1.

Miss Lawrence, now research professor at SIU, directs the University Opera Workshop on the university campus during the academic year.

### Wind Ensemble Member

Cathy Zenik, a 3226 Wabash avenue, is a member of the Southern Illinois University Wind Ensemble at Carbondale. It is composed of students interested in playing exceptional music written for the concert band.

### Earns Fontbonne Honor

Miss Paula Senak, daughter of Mr. and Mrs. Peter Senak, 3238 Franklin avenue, has been placed on the dean's list for academic achievement at Fontbonne College, St. Louis. A graduate of Granite City High School, she is a senior majoring school.

## ORDINANCE No. 896

AN ORDINANCE PROVIDING FOR THE SEIZURE AND DISPOSITION OF ABANDONED, DISCARDED, NON-OPERATIVE AND WRECKED VEHICLES AND PROVIDING A PENALTY FOR THE VIOLATION THEREOF.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MADISON, ILLINOIS:

SECTION 1. Definitions. The following definitions shall apply in the interpretation and enforcement of this Ordinance.

(1) "Person" shall mean any person, firm, partnership, association, corporation, company, or organization of any kind.

(2) "Vehicle" shall mean a machine propelled by power other than human power designed to travel along the ground by use of wheels, treads, runners, or slides and transport persons or property or pull machinery and shall include, without limitation, automobile, truck, trailer, motorcycle, tractor, buggy, and wagon.

(3) "Street or highway" shall mean the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for the purpose of vehicular travel.

(4) "Property" shall mean any real property within the City which is not a street or highway.

SECTION 2. Abandonment of Vehicles. No person shall abandon any vehicle within the City, and no person shall leave any vehicle at any place within the City for such time and under

## Public Notices 34

such circumstances as to cause such vehicle reasonably to appear to have been abandoned.

SECTION 3. Leaving of Wrecked, Non-Operating Vehicle on Street. No person shall leave a vehicle partially dismantled, non-operating, wrecker, or junked vehicle on any street or highway within the City. No work will be performed on any vehicle while on any street or highway within the City. This Section shall not apply to the driver of any vehicle which is disabled, while on a street or highway within the City, to such an extent that it is impossible to avoid leaving such disabled vehicle, provided, however, that such vehicle is to be removed from the main travel portion of the street or highway and to the curb of said street or highway and at which place necessary emergency repairs may be performed.

Disabled vehicles shall be removed from said curb of the street or highway within 24 hours from the time that the vehicle became disabled.

SECTION 4. Disposition of Wrecked or Discarded Vehicles. No person in charge or control of any property within the City, whether as owner, occupant, lessee, or otherwise, shall allow any partially dismantled, non-operating, wrecker, junked, or otherwise vehicle to remain on such property longer than 5 days; and any such vehicle on any property within the City for longer time than 5 days, except that this Ordinance shall not apply with regard to a vehicle in an enclosed building, shall be removed from the premises of a business enterprise operated in a lawful place and manner, without liability to the owner of such business enterprise; or a vehicle in an appropriate repair place or factory maintained in a lawful place and manner by the City.

SECTION 5. Impounding. The City of Madison, Illinois, or any member of its Department designated by it is hereby authorized to remove or leave any vehicle left at any place within the City which reasonably appears to be in violation of this Ordinance or lost, stolen, or unclaimed. Such vehicle shall be impounded until removed in accordance with Chapter 651, Illinois Revised Statutes, 1967, paragraphs 4-10 through 4-13.

SECTION 6. Penalties. Any person violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined \$500.00. Each day such violation is committed or permitted to continue shall constitute a separate offense and shall be punishable as such hereunder.

SECTION 7. Severability. If any provision of this Ordinance or any part hereof is held to be invalid, the remainder of this Ordinance shall not be affected.

SECTION 8. Enforcement. This Ordinance shall be in full force and effect ten (10) days after its passage, approval and publication as provided by law.

PASSED BY THE CITY COUNCIL OF THE City of Madison, Illinois, this 5th day of March, A.D. 1968.

APPROVED BY THE Mayor of the City of Madison, Illinois, this 5th day of March, A.D. 1968.

## Gas Can Explodes;

## \$1000 Loss Caused

## To 4-Family Flat

The rear of a two-story, four-family frame flat at 2116-18 Delmar avenue was damaged by fire when a five-gallon can of gasoline setting in back of the building exploded at 12:30 p.m. Tuesday.

The fire department estimated damage at \$1000 to the building, owned by Bernard Sobol.

Burning trash in the back of the flat spread to the gasoline can, causing the explosion, firemen reported.

Only one of the apartments was occupied at the time. Oliver Meyers, who resides on the second story, heard the blast and saw flames through his bedroom door. He slammed the door shut, and he and his wife left through the front.

One apartment was vacant, and occupants of the other two were away. No damage was reported to contents, and no one was injured.

## Search Abandoned for

## Former GC Resident

Search for the body of a former Granite City man who was believed drowned Feb. 10 in a boating mishap on Lake Nacimiento, Calif., has been abandoned, according to his mother, Mrs. Rudolph (Eunice) Beher, 1831 Spruce street.

Milton J. Bunch, 30, of Atascadero, Calif., a teacher at the Morro Bay School for Mentally Handicapped Children, apparently lost his life while on a fishing trip in his kayak.

He was accompanied by Dr. Alfred George Weiss, 54, of Pismo Beach, Calif., his superior at the school, whose body was recovered the following day.

Mrs. Beher said that portions of the kayak made land where the accident occurred range in depth to 280 feet, and divers were unable to reach the treeline bottom.

Mr. Bunch, who was unmarried, had resided in Granite City with his mother and step-

father for various periods of time. He spent four years in the U. S. Air Force and served in Germany and at other overseas bases. Following his discharge in 1959, Mr. Bunch attended the SIU-SW East St. Louis center.

Besides his mother and stepfather, Mr. Bunch is survived by his father, William Bunch of Douglas, Ariz.; his grandmother, Mrs. Ruby Gray of Madison; two sisters, Mrs. Betty Roberson of Granite City and Mrs. Juanita Mitalovich of Wingnater, Mo.; and two brothers, Jerry Bunch of Portland, Ore., and Billy Bunch of Kansas City, Mo.

## Arrest 5 in Venice

## For Damaging House

Five persons were arrested by Venice police shortly after 3 p.m. Tuesday after police learned that a house at 118 Bremen street had been almost totally dismantled inside and the fixtures and lumber hauled away.

Police said they went to the house after receiving information that material was being removed from it. They said the house was completely torn apart inside. When officers arrived, they found seven men and youths at the rear gathering around a panel truck containing 18 sheets of plywood that had been removed from the house, they reported.

Louis Fitter, owner, signed complaints against five of the seven and told police the hot water heater, a space heater and all bathroom fixtures were missing. He said damage and loss would range from \$3000 to \$4000.

Arrested were Lutell Swage, 24, of Bunker Hill, charged with petit theft, and Samuel Gillespie, 42, of 104 Dixon street; Freddie Baker, 17, and Charles Junior Brawley, 38, both of West Madison; and Henry Williams, 48, of 321 Weaver street, Venice, all charged with vandalism.

Nameki Road Mishap  
While preparing to leave the Rose Bowl restaurant driveway, Lacie Kovachik, 2500 Edwards street, stopped his auto for Nameki road traffic but it struck at the left front fender by another driven by David Harrison, 51 Paso, Tex., at 1:10 p.m. Tuesday.

Services on Sunday  
Rev. and Mrs. Leland Rose will speak at the Full Gospel Church, 2653 Highway 2, Missouri avenue, Sunday at 10 a.m. and again in the evening at 7:30. The public is invited to attend.

FIREMEN POUR WATER on charred walls at the rear of a four-family flat at 2116-18 Delmar avenue Tuesday. The fire was caused by burning trash which exploded a five-gallon can of gasoline, resulting in damage of \$1000.

### Husband of Former GC Resident Dies

Ward T. Adams, 29, of Glen Ellyn died at 3:30 p.m. yesterday following an illness of several months. He was the husband of the former Nancy Lee Wilson, daughter of Mr. and Mrs. Jess Wilson of Rosewood Heights, formerly of Granite City. Mr. Wilson is editor-publisher of the Wood River Journal.

Mr. Adams and the former Miss Wilson were married in 1960 following his graduation from the University of Illinois. They have one daughter, Katherine Ann, 3½. He served two years in the Navy as a lieutenant and was employed in Chicago. He died in Hinsdale Hospital.

Other survivors include his father, Dr. Ward C. Adams and the late Mrs. Adams of Washington, Ill.; a sister, Mrs. Sharon Puryear, and a brother, Robert, also of Washington.

Services will be held at 2 p.m. Saturday at the Eureka Christian Church. In lieu of flowers, the family requests contributions to the Memorial Scholarship Fund of Sigma Chi Fraternity, U. of I. Visitation will be at the Otto Argo Mortuary at Eureka Friday evening.

### Trades Council Backs Boilermakers Strike

The Tri-Cities Trades and Labor Council voted in regular session last night to support Boilermakers Union Local 575 in its strike at A. O. Smith Corp., now in its 67th day.

Delegates representing 41 union locals who attended last night's council session voted unanimously to support the strike and urged the council's affiliated locals to make cash contributions to the Local 575 strike fund.

Council delegates also discussed plans for screening school board candidates. The legislative committee will meet next week to set a date for the screening interviews. The school elections will be held April 13.

Edwin Reiske, president of the council, said the delegates also discussed plans to obtain the opening of the Quad-City area unemployment compensation office on Saturdays from 8 a.m. until noon. The office now is closed on Saturdays. Reiske noted that persons working on weekdays are unable to get to the office except on Saturdays.

### Sp4 John Chomko Is Home from Vietnam

Sp4 John J. Chomko, son of Mr. and Mrs. Michael Chomko, 234 Sheridan street, arrived home Wednesday after spending the past year in Di An, Vietnam, which is 19 miles north of Saigon. He served as his commanding officer's RTO in the 1st Infantry Division, 18th Infantry.

His unit was on a search and destroy duty and one of their largest battles took place Jan. 6 in Xom Bong. Following this incident, he took his rest and relaxation leave in Hong Kong.

After spending 30 days leave at home, he will be stationed at Fort Campbell, Ky. During his tour in Vietnam he was awarded the Silver Star.

### Mrs. Bessie Bruder, 69, Dies; Ill 9 Months

Mrs. Bessie Alice Bruder, 69, of 608 Lincoln avenue, Venice, a life-long resident of the Venice community, died at Barnes Hospital, St. Louis, at one a.m. today. She had been ill nine months and was a patient at the hospital just one day.

Born in Venice, Mrs. Bruder was a member of St. Mark's Roman Catholic Church of Venice and the Venice Women's Club. Her husband, Thomas B. Bruder, a Venice park commissioner, died on Jan. 28.

Mrs. Bruder is survived by one sister, Mrs. Mary Miller of Venice.

Funeral arrangements are given in today's obituary column.

### Plan Life-Saving Classes

Senior life-saving classes will get under way at the YMCA at 1:30 p.m. Saturday, March 16, it was announced yesterday. The mixed classes will be open to participants 15 years of age or older. William Lierman will instruct the classes which will include the first half of qualifications as water safety instructor. Those who succeed in the water safety instructor category will be able to qualify for the second half of the classification in classes starting May 6 and instructed by Michael Jesse.

## Sen. Miller to Address County Lincoln Dinner

U. S. Senator Jack Miller of Iowa will be guest speaker for the annual Lincoln Day dinner, it was announced today by Charles Walters, chairman of the Madison County Republican Central Committee. The dinner will be held at 7 p.m. Saturday, March 23, at the Mineral Springs Hotel, 301 East Broadway, Altoona.

Donations are \$10 per person. Tickets may be purchased from any Republican precinct committee or at R. J. Walters, Public Relations, 530 East Broadway, Altoona.

Sen. Miller of Sioux City, Ia., was first elected to the U. S. Senate at the age of 44 in 1960 and was reelected in 1966. Political observers have referred to him as "the greatest campaigner in Iowa history."

Prior to this he had served for one term in the Iowa state House of Representatives and one term in the Iowa Senate. His most notable achievement as a state legislator was passage of the Iowa income tax law, which is used as a model by several other states and is called the "Miller Bill."

He has addressed Republican meetings in 30 states, from Florida to Alaska.

**Lawyer, Educator**  
A tax lawyer, writer and educator by profession, Sen. Miller received his A.B. degree from Creighton University, his M.A. degree from Catholic University, his M.A. degree from Catholic University and his L.L.B. degree from Columbia University. He is a member of the Iowa, Nebraska, District of Columbia and U. S. Supreme Court bars and is a life member of the American Law Institute.

He served the Internal Revenue Service in Washington, D. C., as an attorney in 1947 and 1948. In 1948-49, he was assistant professor of law at the University of Notre Dame College of Law. He also spent 11 years in private law practice in Sioux City. He is co-author of the Prentice-Hall Tax Ideas Service and a member of the board of editors of the Journal of Taxation.

Sen. Miller served over four years with the Air Force during world war II, including time in the China-Burma-India Theater of Operations. He holds the rank of brigadier general in the Air Force Reserve.

In his younger days, he captained the Creighton University golf team for three years and with the limited opportunities for recreation a busy senate life affords, he maintains a six handicap at the Congressional Country Club.

Miller has been described as an articulate, quick-thinking, forceful speaker with an amazing capacity for hard work over a long-sustained period.

Willard Edwards, veteran Washington correspondent for the Chicago Tribune, wrote of him, "He has in him something of the late Senator Robert A. Taft's ability to absorb an issue in its entirety, examining all the angles before coming to a conclusion. He is warm and friendly; he could be the 'Mr. Republican' of the future."

**Senate Assignments**  
Sen. Miller is a member of the Senate Committees on Armed Services and Agriculture, the Joint Senate-House Economic Committee and the Special Senate Committee on the Problems of the Aging. He is also a member of the Armed Services Preparedness Investigating Committee.

His record in the Senate is a "mix" of conservatism and liberalism. He has constantly maintained a conservative position in monetary and fiscal affairs, abhors inflation as "our number one domestic public enemy" because of the social hardships it causes, and condemns anti-billions-dollar deficit spending by Congress "because this lays the foundation for inflation." At the same time, his liberalism shows forth particularly in the areas of education and human rights.

To foreign affairs, Sen. Miller follows a policy of firmness in dealing with Communist aggression. He has been highly critical of spokesmen in the Free World who have adopted the Kremlin's theme of "peaceful coexistence."

He is married to the former Jerry Browning of Windber, Pa. They have four children, Janice, Judy, Jimmie and Jaynie.

## Two-Way Traffic on Edison Avenue Being Considered

Opening of two blocks of one-way, northbound Edison avenue from 18th to 20th street to two-way traffic is under consideration by Granite City council members.

An ordinance to amend the law establishing one-way streets was placed on first reading Monday night after failing to get sufficient vote for a suspension of rules for immediate adoption.

Several aldermen said they were agreeable for the two-block section to be opened to two-way traffic on a trial basis

to determine if it would improve traffic flow in the business district and help the downtown area.

Alderman Nann, chairman of the Ordinance committee, pointed out the request was made by businessmen in an effort to bolster the downtown business district. "We changed Delmar avenue and State street and then 18th street back to two-way traffic and with the change on Edison avenue, the movement of traffic should improve," he added.

Strenuous opposition was voiced by Alderman Whitmer, who predicted utter confusion, especially with heavy Friday night traffic when both banks that have drive-up windows of Edison avenue are open.

"The people aren't hollering for two-way traffic. This isn't a group of businessmen, it's just one—the Trust Bank. There are eight to 10 driveways or alleyways in that one block—the 1900 block, and we'll have to permit more left turns," Whitmer stated, adding, "It's a proven fact that one-way travel on a street is safer for pedestrians and motorists."

Nann continued, saying the proposal had been pending for six months or more, and "this is something that can be done to prove whether it's right or wrong." He added that a large off-street parking lot leased by the Retailers Association is about to be expanded and that more convenient entrances could be made in the middle of the 1900 block of Edison avenue rather than force motorists to go to 18th street to get on it.

**Willing for Trial**  
Alderman Rutledge said he was willing to give it a trial period and watch closely the traffic flows on Friday evenings. Bartoski, who instituted the present one-way system

commented, "I think this will fail, but I agree to support it on a trial basis."

Basarich said the change on 18th street benefited residents of West Granite and Lincoln Place and that he believed anyone was entitled to ask for a change.

Whitmer persisted—"This will produce just one big conglomeration of traffic," and he challenged the method the ordinance was brought before the council.

"Who prepared it and submitted it?" he asked Nann. The Ordinance committee chairman said he didn't know. Whitmer replied that Nann often challenged ordinances that had been prepared and submitted by someone other than the city attorney, and City Atty. Allen advised the council that he had not prepared it.

"I don't like the way this was brought up," Whitmer added.

**Not on Agenda**  
Nann had remarked when the Ordinance committee was called upon to submit his report that he had several ordinances which were not on the council agenda.

Alderman Johnson asked him what they were about, and Nann said they were "just ordinances."

## Driving Charge Filed

Danny W. Johnson, 2127 Monroe street, was charged with careless driving at 11:40 p.m. Monday at 2500 Iowa street.

He was given permission to introduce them.

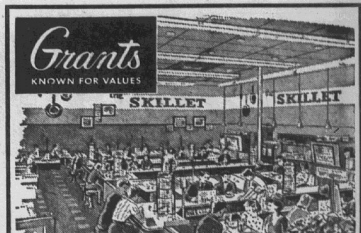

On the suspension of rules motion, the vote was 9-to-7, which was insufficient. Voting for the amendment were Aldermen Dallas, Bartoski, Boyd, Rutledge, Basarich, Nann, Fry, Parmley and Dawes. Opposed were Moerlen, Whitmer, Paulsen, Green, Jarrett, Robertson and Johnson.

The first reading vote was 11-to-5, with Moerlen and Robertson adding their aye votes.

Presentation for final approval will be scheduled for the March 18 meeting of the council.

Later in Monday night's session, Whitmer asked City Atty. Allen to determine how the ordinance amendment got to the council floor, and Dawes asked for consideration of two-way traffic in the short block of State street between Niedringhaus avenue and 21st street.

## Sp/5 Duboise Headed For Duty in Germany

Army Specialist Fifth Class Robert J. Duboise of Venice concluded a three week leave at home Sunday and departed for Fort Dix, N. J., enroute to a three-year assignment in Ludwigsburg, Germany.

He is the son of Mr. and Mrs. James Duboise of Apt. 74, Venice Homes, and husband of the former Connie Canimore of Venice. The couple has a two-year-old daughter, Melissa Hope.

SP/5 Duboise, 21, entered the Army three years ago and re-enlisted for an additional three-year period last summer. He spent most of 1966 in Vietnam and was last stationed at Fort Belvoir, Va. He is a Venice high school graduate.

Mrs. Duboise and Melissa are planning to join the serviceman in Germany late this month or in early April.

## Attempt to Hide Crime?

## Arson Suspected in \$590 Theft from Kerr Is. Home

Venice police and firemen are investigating an arson case in which a thief apparently took \$590 cash and a double-barrel shotgun from a Kerr Island house late Monday night, then spread kerosene over the floor and set it afire.

The fire was discovered about 11:30 p.m. by the owner, Rainey Crawford, as he returned home. He summoned Venice firemen who were able to extinguish the flames before it caused extensive damage, permitting Crawford to make a search for the money which he told police he had hidden in a chair.

Crawford also told authorities that a double-barrel, 12-gauge shotgun was missing. The money, he said, was in \$50 and \$20 bills.

He said he had moved into the house at 325 Slough road Monday and planned to occupy it until it is moved to another location. He said he had drawn the money out of the bank Monday to pay the house movers.

Police questioned one suspect early Tuesday morning, but released him when it became apparent he was not involved.

Kerosene on Floors  
Firemen said after they extinguished the fire that they found an empty kerosene can in the house and found that kerosene had been spread on the floors.

The fire was one of five in

Venice Monday and Tuesday. These included a call to 215 Kerr street where an abandoned auto was on fire, and another a short time later at 1 p.m. Monday in which fire damaged a shed at the home of Hazel Dew, 1014 (r) Calhoun street.

The fire also spread into weeds and grass of two adjoining lots. Firemen were at the scene an hour.

An alarm for a grass fire at 1500 Market street was answered at 4 p.m. Monday, and was followed at 11:30 p.m. by the call to the Crawford house.

At 10:30 a.m. Tuesday, a fence was set afire by flames blown from a nearby barrel of burning trash at the home of John Eastington, Venice chief of police, at 215 Granville. The fire also damaged the fence at the rear of 213 Granville.

Man Pleads Innocent, Held for Jury Trial

Bernard Rice, 21, of St. Louis, pleaded not guilty to charges of escape and of theft under \$150 Monday afternoon before Magistrate Matosian.

In lieu of \$500 bond set on both charges, he was returned to jail for transfer to the Madison county jail pending a jury trial. He was arrested at 2:30 p.m. Saturday at St. Elizabeth's parish rectory.

Members of the pack present were John Loggin, John Meador, Allen Briner, Lou Trogovich and Randy Ezell.

### SIU-VTI to Hold Open House April 26, 28

Open House will be held at the Southern Illinois University Vocational-Technical Institute on Friday, April 26, and Sunday, April 28.

It will be the seventh annual such event designed to allow prospective students, parents, the business and industrial community and the general public to see the two-year technical school in operation, according to Chief Academic Advisor Harry Soderstrom.

Opened in 1952 as the first school of its kind in the state, VTI has pioneered in developing two-year associate degree programs in many fields, said Soderstrom, who is in charge of the open house.

The 29 one- and two-year courses and options with a current enrollment of some 1500 students include corrections and law enforcement, data processing, forest products technology, mortuary science, dental hygiene and dental laboratory technology, tool and manufacturing technology, electronics and architectural technology.

VTI is located on its own campus nine miles east of Carbondale and on old Route 13 near Carbondale and is administered through the Division of Technical and Adult Education.

### EMH Traineeships Offered at Eastern

Eastern Illinois University has been awarded seven traineeships by the division of special education, Office of the Superintendent of Public Instruction.

Five of the traineeships are in the area of teacher training for the educable mentally handicapped (EMH) and two are in speech correction.

Each traineeship pays \$500 for the 1968-69 school year and provides for a waiver of fees. In addition, the University receives a support grant of \$2500 for each traineeship.

The traineeships are open to juniors and seniors. Applicants interested in the EMH program may contact Dr. LeRoy Peterson in the Applied Arts-Edison building. Dr. Wayne Thurman will administer the program in speech correction. He may be reached at the Clinical Services building.

Dr. Peterson said application forms must be returned no later than March 21.

### University Center Observes Birthday

The University Center at Southern Illinois University's Southwestern campus observed its first anniversary with a birthday cake Friday (March 1) and toted up some significant operating statistics.

According to Robert W. Handy, center director, 1647 events have been held in the building during the year, attracting about 88,600 persons. The building serves as a focal point for student activities and a meeting place for conferences.

The center, largest of five buildings in phase one of the construction of the new campus, was built for \$5 million, and includes a cafeteria able to seat about 1200, billiard room, a 16-lane bowling alley, barbershop, bookstore, offices for student activities, and several large lounging and meeting areas. In its first stage the center's second floor was left unfinished. Work is in progress to complete the ballroom and second floor at a cost of \$1,101,000.

Handy's figures for the year show there were 180,576 sales in the bookstore and that food was sold to 1,065,720 persons. Both of these figures involve much repeat business. Most users of the center are students and faculty who are in and out of the building several times daily.

Recreation facilities of the center were used by 151,500 persons during the year. Billiards was the most popular recreational activity, with 86,500 players. Bowling was next with 32,000, there were 17,500 table tennis players and 3500 card players.

The food service totals included 706,772 fed through the cafeteria, 246,669 vending machine sales and 32,272 fed by the center's catering service.

### Peace Corps Test to Be Given at SIU-SW

Testing for Peace Corps applicants will be held at 9 a.m. March 16 at Southern Illinois University's Southwestern campus.

Anyone interested in joining the Peace Corps may take the test, which will be given at the International Services Office, third floor, Lovejoy Library. This is the last scheduled testing for the corps at SIU-SW this year.

Additional information is available from Robert Reed, International Services Division. The telephone number is 692-2832.

### Navy to Enlist Men With Physical Defects

The Navy has directed its recruiting service to enlist young men who would otherwise be ineligible because of physical defects.

The Medically Remedial Enlistment Program, only one phase of the Department of Defense "Project One Hundred Thousand," makes possible the enlistment of men whose physical defects are determined by a medical specialist to be susceptible of correction to the extent the individual would be fit to take basic training within six weeks after treatment.

Among the 15 defects listed in the Navy directive are "over the maximum weight by not more than 20%," and "under the minimum weight by less than 10%."

A Navy spokesman said that an applicant must volunteer for enlistment with a written agreement that he will submit to the prescribed remedial medical procedures.

Young men who wish to enlist or obtain further information may contact local Navy recruiters at the city hall.

### Miss Miller Accepted By Lipscomb College

Miss Mary Janice Miller, daughter of Mr. and Mrs. Robert C. Miller, 2206 Delmar avenue, has been accepted for admission to David Lipscomb College, Nashville, Tenn., for the 1968 fall quarter.

Her acceptance is contingent on her graduation from Granite high school this spring with a satisfactory record. She plans to follow a major program in elementary education.

THOMAS KINSELLA

### Poet Kinsella to Talk At Dinner on Friday

Irish poet Thomas Kinsella will speak Friday at the Southern Illinois University-Southwestern campus where Friends of the Library held their annual public dinner-lecture.

His topic at the 6:30 p.m. dinner in the River rooms of the University Center will be "Poetry: The Marriage of Heaven and Hell."

Poet-in-residence at SIU-SW for two years before his appointment last fall to the English department, the Irish poet received the Denis Devlin memorial award for poetry last year from the Arts Council of Ireland for his volume, "Wormwood."

The award is Ireland's highest for a poet and is the equivalent of America's Pulitzer Prize. In 1958 Kinsella won the Guinness poetry award for a selection from his book of

### Tuition Going Up at St. L. U. in Sept.

Tuition for most undergraduate and graduate students of St. Louis University will be increased in September, it was announced today by Rev. Paul C. Reinert, S.J., university president.

Tuition in the College of Arts and Sciences, School of Commerce and Finance, Institute of Technology, School of Nursing and Health Services and School of Law will be increased from \$700 to \$800 per semester. At Parks College of Aeronautical Technology, which operates on a trimester basis, the increase will be \$65 making tuition \$550 per trimester.

Other increases include: School of Medicine, from \$900 to \$1050 per semester; School of Social Service, from \$775 to \$875 per semester; and Graduate School from \$47 to \$53 per semester hour, except in graduate engineering, geophysics and meteorology, where the increase will be from \$52 to \$58 per semester hour.

Tuition for undergraduate evening division classes will remain at \$37 per semester hour.

### Named to Dean's List

Claudia Thompson, daughter of Mr. and Mrs. J. David Thompson, 4775 Nameoki road, was named to the dean's list for academic excellence during her first semester at Illinois State University, Normal. She is a freshman majoring in Russian and is a 1967 graduate of Granite City high school.

### Men Aboard Enterprise Select 'Sweethearts'

A local girl, Miss Donna Summers, has the honor of being a second place winner in a Valentine Sweetheart Queen contest held aboard the USS Enterprise, presently located in Tonkin Bay, Vietnam. She is a freshman student at Belleville Junior College, studying nursing.

Her picture was entered by her brother, Lloyd Willard Summers, who is serving aboard the ship. The contest drew pictures of 300 girls with 12 named as finalists.

Their parents, Mr. and Mrs. Thomas Summers reside at Rural Route Two, Box 1170.

Summers is a 1964 graduate of the local high school and attended the University of Illinois

## MECA Players Present Show for GC Children

The Metropolitan Educational Center in the Arts (MECA), a federally-funded establishment under the elementary and secondary education act of 1965, sponsored two performances of the Harlequin Theatre for Children last week for the pupils of McKinley, Emerson and Central junior high schools. The performances were given in the Central auditorium.

A professional group, the New York company presented "Sweet Roland," an adaptation of the Grimm Fairy story. The objective of this MECA program is to reinforce and supplement the school's program in language skills, and to introduce children to live theatrical production.

The producer of the Harlequin Theatre of Children, John J. Camie, was one of the original producers of St. Louis' Gateway Theatre. Camie has directed and produced more than 200 plays in city parks, hospitals, shopping centers and the City Art Museum.

Formerly associated with New York's Second Story Players, the cast of six actors won the

1967 OBIE Award for off-Broadway excellence.

Under the direction of William Powers, the group is giving 120 performances during their 12-week residence under MECA auspices.

This program was brought to Granite City through the curriculum coordinator, Owen Humphrey, and the supervisor of art education, Eugene L. Alasi, who is also on the board of advisors for art education of MECA.

### FHA Members Visit Colonnades Patients

A representative group of Future Homemakers of America at Granite City high school visited residents of the Colonnades Nursing Home Friday evening and distributed carnations.

According to Suzanne Boyd, one of the members, "It was a very rewarding and meaningful visit. The time allotted was all too short and the group is hoping for another invitation in the near future. It was hard to tell at times just who was distributing the cheer."

Others attending were Connie Means, Ronna Lesseg, Cathy Ortolan, Brenda Sawyer, Carolyn Shane, Pat Wood, Katherine Keller, Linda Krohne, Sherine Boyd, Christine Brave and Diane Means. They were accompanied by Mrs. Jean Maxwell, club advisor.

**GRIMM'S FAIRY TALES** being performed at Central Junior high school auditorium by the traveling "Mecca" players from New York, who present plays aimed at grade school level audiences throughout the country. They gave two performances.

### Miss Friedman to be in University Show

Miss Judy Friedman, a sophomore attending the University of Illinois has been named assistant choreographer for a Broadway show, "Sweet Char-

ity," to be given at the university May 3 for the Mother's Day weekend.

Miss Friedman is the daughter of Mr. and Mrs. Jack Friedman of University City, Mo., former residents. She will also dance in the musical production.

### Miss Kinney Named to Dairy Society Office

Donna Kinney, daughter of Mr. and Mrs. Donn O. Kinney, 2639 East 23rd street, has been elected secretary of the Dairy Technology Society at the University of Illinois.

She is a 1966 graduate of Granite City high school and is a sophomore majoring in food science.

Purpose of the society is to promote a greater public interest in the food and dairy industry, to provide educational benefits for its members and to support a dairy products judging team in intercollegiate and national contests. It is making plans for a spring banquet and a dairy products judging contest.

Miss Kinney's other activities include membership in the Student News and Information Bureau, Dairy Production Club and Food Technology Club.

### Bossmen to Play at Next Teen Town Dance

The Bossmen will feature their "soul" music at the YMCA Teen Town from 8:30 to 11:30 p.m. Saturday, Charles Hasse, youth director, announced.

ABRAM STASSEVICH

### Russian Oratorio to Be Given at SIU-SW

The world premiere of the English version of an oratorio based on Sergei Prokofiev's music for the film "Ivan the Terrible" will be sung by Southern Illinois University-Southwestern's Community Choral Society and Concert Chorus March 29 and 30 in a concert with the St. Louis Symphony Orchestra.

Abram L. Stassevich, Russian conductor of the original film track, will come to St. Louis to conduct the work which has English text by Herbert Marshall, visiting professor of theater at SIU's Carbondale campus and director of the Center for Soviet and East European Studies in the Performing Art.

Stassevich developed the oratorio form from the movie background music and is the conductor of a Russian recording of the work recently released by Angel Records.

Dale Moore, professor of voice here, will be baritone soloist for the performance. Contralto soloist will be Mrs. Edna Mae George.

The Community Choral Society includes persons of all walks of life who represent more than 20 communities in the Metro-East area along with students and staff from the Edwardsville campus. The SIU-SW Concert Chorus of 80 selected voices is composed of students at the university, more than half of whom are music majors. Leonard Van Camp, director of choral activities at the Edwardsville campus, directs both organizations.

The performances, a part of the Symphony's regular series of concerts, are scheduled at 1:30 p.m. on Friday, March 29, and at 8:30 p.m. on Saturday, March 30, in Powell Symphony Hall.

### Candy Stripper Group Plans Organization

The steering committee of Candy Strippers at St. Elizabeth Hospital, at its third session on Monday, decided to hold the first full meeting of the new organization on May 11 when officers will be elected.

Annual terms will begin June 1. Summaries of work by various committees were given for the benefit of two alternates, Mary Nagel and Marian Sullivan. It was decided that memberships will be accepted from Candy Strippers at any time.

Marian Sullivan and Steve Lasso volunteered to draw a random draft of by-laws. Charles Jackson served as chairman of the meeting, and Julie Meehan was named as the chairman for the March 18 meeting.

Attending were Carolyn Shane, Steve Lasso, Mike Ridge, Charles Jackson, Julie Meehan and Mary Nagel. Assisting were Mrs. Irene Argolan, chairman of volunteer activities for the Hospital Auxiliary; Mrs. Catherine Pisel, volunteer director; and John Drees, public relations director.

## Kiwanis Club Rated No. 1 In District for January

A business meeting of the Granite City Kiwanis Club was conducted Monday evening at the Rose Bowl with 21 members attending and Robert Karrer of Collinsville, who is the lieutenant governor of Kiwanis Division 14, making his official visit.

He showed a film strip entitled "Kiwanians Story," to urge members to participate in club activities and planning for the coming year.

He announced that the local club was the "number one club" in the division for January on the basis of activities, gaining new members, completing work designated and attendance. The club was recorded at 92 points out of a possible 100.

During the meeting the group voted to donate \$100 to the Granite City Scholarship Foundation, and to sponsor a baseball team for boys in the park district program this summer.

A guest, Rich Coleman of Edwardsville, also was in attendance.

Five men were named to attend the inter-club meeting to be held in Edwardsville on Tuesday evening honoring all past presidents. Attending from here were Peter Jellen, Freeman Wolfe, Melvin Gille, Allan Jessee and William Herman.

Plans also were discussed for the forthcoming dinner planned for March 25 at the Rose Bowl when all teachers with 35 years or more service in Granite City School District Nine will be honored guests of the local club. Roy Graham was named chairman for the event.

## Creosote Ruining Treatment Plant Gear, Council Told

Legal action was ordered by Granite City council members against Jenkinson Wright Corp. Monday night after viewing a jar of creosote displayed by Robert Jackson, sewage treatment plant superintendent, who said the creosote was again in the sewer lines.

"This material is ruining our equipment," Alderman Moerlein, chairman of the Treatment Plant committee, told council members in presenting a motion for legal action and for payment by the company to the city for damages.

City Atty. Allen was instructed to proceed with court action, after Moerlein stressed that the action by the company, which makes railroad ties, was in violation of the city ordinance.

In other action concerning the treatment plant, Moerlein requested permission for Supt. Jackson to attend a forthcoming state meeting on sewage treatment plant operations to be held in Springfield. A \$100 expense allowance was approved.

Air Pollution Law

Mayor Partney presented to the council a request from Prof. Erwin Hoelscher, the city Air Pollution technical secretary, for clarification of the city's clean air law.

Alderman Fry questioned whether industries are required to employ special engineers for pollution control plans and was advised the stipulation was included in the state law.

Discussion was brief, as Alderman Johnson pointed out that since the city law conforms with the state law, there is no need to rush the revisions.

Authorization was given the Sanitary committee, headed by Alderman Dallas to prepare specifications to call for bids for a new contract for garbage and trash collections and operation of the city's landfill.

## Many Overpay Their Federal Income Taxes

Would you believe that in 1965 one and a half million taxpayers overpaid their income tax to the tune of \$82,000,000.

These are the returns which the government caught in its audit and mailed refunds to the taxpayers. No one knows how many other returns were accepted when the taxpayer made an error in the government's favor.

When April 15 rolls around, 75 million Americans will be filing their 1967 returns. All citizens wherever they reside and all residents of the United States must file if they had \$600 or more income—unless they are 65 or over, when they must file if they had incomes of \$1200 or more.

Those who were blind according to the government's definition are also entitled to an extra \$600 exemption.

Even those who have incomes of less than \$600 or \$1200 should file if, during the year, their employers withheld tax; they are entitled to a refund only if they file a return.

**Pick Proper Form**

Selection of the proper form is the first thing to consider. 1040A for those who are on the ordinary cash method of accounting, with an income of less than \$10,000 and no other wages which are reported on withholding statements or such wages and not more than \$300 of income from other sources, dividends, interest and the like.

Even though your income was all from wages on which there was withholding and less than \$10,000, you could not use 1040A if you were claiming some special status, such as head of household or surviving spouse; if you were claiming retirement income or exclusion for sick pay; if you paid any estimated tax during the year or received tips of more than \$20 a month which were not reported fully to your employer; or if you are subject to the self-employment tax.

Of course, if you want to itemize deductions instead of taking the amount allowed by the tax table, you would not want to use 1040A.

**Government computation**

Those who have income under \$5000 who may wish to use 1040A and have the government figure the tax. Even though form 1040A can be used by husband and wife for a joint return if their income is less than \$10,000, the government will only compute the tax if

## \$112,700 in Building Issued in Nameoki Twp.

Seven building permits, including six for new homes, were issued for Nameoki township listing a value totaling \$112,700 during February by Jack Clifford, county building official. There were no permits for Chouteau township.

Permits for homes were obtained by David J. Porter, two brick homes in Parkview Estates No. 2 at \$33,000 each; George L. Arnold, a frame house in Harrison subdivision, \$12,500; E. C. Barnhart Construction Co., a brick home in Northland Estates No. 2, \$23,000.

William J. Laycock, a brick home in Matrix Acres No. 1, \$19,000; and Charles Moutell, redwood siding home at Bellemore place, \$12,000. A permit for a sign was issued to Lemons Sign Service at a cost of \$200.

the income reported is under \$5000.

The other choice, and that chosen by the great majority of taxpayers, is form 1040, which can be used by anyone regardless of the sources or amount of his income.

Non-resident aliens cannot use either form 1040A or 1040 and should contact the Internal Revenue office nearest them about which return to file.

**Exceptions to Rule**

It is often said that married couples filing a joint return will pay a smaller tax or get a larger refund because of the lower tax rate used in computing the tax on a joint return. There are exceptions to this.

If husband and wife have about the same income and each had a loss on stock sales in 1967, they could offset up to \$1000 each in capital losses against their ordinary income if they filed separately but could only claim \$1000 if they filed jointly.

If either had extraordinary medical expenses it could be to their advantage to file separate returns.

Those within these special areas should compute their taxes both ways and, of course, file the most beneficial way—separate or jointly.

It should be noted that if one spouse files a separate return, itemizing deductions instead of claiming the 10% standard deduction, the other would have to do the same—that is, itemize deductions.

When a joint return is filed, each spouse is liable for the full amount of any deficiency assessed against the return after the government's later audit.

## Mrs. Horn to Head Cancer Crusade Here

Mrs. Harriet Horn, 3301 Bradley avenue, Crusade Chairman of the Quad-Cities area for the American Cancer Society announces April will be the National Cancer Crusade Month. Her door-to-door campaign will be conducted during the last full week of April.

This is the second year Mrs. Horn has served as chairman having led a very successful Crusade last year. The Granite City areas netted the greatest amount that has ever been collected for the society.

Mrs. Alvin Meyer will assist Mrs. Horn as her co-chairman and they request the help of any of the residents in the area in the forthcoming drive to make it as successful as the previous year.

Milton F. Darr Jr., president and director of the LaSalle National Bank of Chicago is the Illinois State Crusade Chairman, Harold E. Ruyle, Alton business executive will serve as the Madison County Crusade Chairman.

## Cong. Price Praises Urban Legislation

President Johnson's new urban legislative package drew strong praise in a recent House speech by Rep. Melvin Price (D) Illinois, who termed the proposal "a commitment to the future of American democracy."

Focusing on the one billion dollar model cities portion of the omnibus Message on the Cities, Congressman Price asserted: "The potentialities of Model Cities are enormous for solving the problems of urban America."

As the Congressman views it the potentials lie with "the people living in the slum areas who will be responsible for the planning and execution of the programs designed to improve their living conditions."

The issue of citizen participation is one of the essentials of the model cities program. Recently East St. Louis' plan, Representative Price noted, was termed "excellent" by Department of Housing and Urban Development officials in Chicago.

Labeling the model cities program "the logical end of the long road we have been traveling for three decades to find answers to the urban crises, the East St. Louis Democrat observed: "Now, in trying to find solutions to these pressing problems, we are going directly to the people who know best—those who live in the blighted areas."

He continued: "But they will never develop those solutions unless we give them the chance. The one billion dollars will give them the chance. And I am going to do my best to see they get it." Rep. Price pledged.

## Labor Temple Elects Heaton to 32nd Term

Carl Heaton of Steelworkers Local 30 was re-elected to his 32nd consecutive one-year term as president of the Tri-City Labor Temple Association at its annual meeting Monday night.

He currently is employed as a clerk in the Madison county circuit court system and formerly served as Granite City postmaster and chief jailer at the county jail.

Others re-elected are Arthur Griffin, representing Building Laborers Local 397, vice-president; Edwin Reiske, secretary-treasurer for his 16th consecutive term; and Roy Logan, representing the Patternmakers Association and a delegate from the Central Trades council, trustee.

A financial report for the year was accepted.

## GC Redistricting Group to Meet—Several Problems

The special redistricting committee of the Granite City council will meet at 7 p.m. next Monday in the mayor's conference room of the city hall to continue its work toward reducing the city's eight wards to seven before the 1969 city elections.

Announcement of the meeting was made at this week's council session by the chairman, Alderman Rutledge, who asked the seven other members to "bring your ideas and maps."

Alderman Boyd recommended the city obtain legal aid on the proper procedures to follow in reducing the number of wards. "It could be a case where three or four aldermen would be in one ward and none in another. I can find laws on what to do when the number of wards is increased, but nothing on the proper steps to be taken when the number is cut," Boyd pointed out.

He asked that City Atty. Allen write to proper authorities in Springfield for full details of the procedure.

"That would be something," Rutledge commented, "if the council would be made up of 18 aldermen instead of 16 during the interim."

Alderman Bartoski recommended a study be made of city election ordinances prior to 1969 to determine if revisions are needed and if the city should have an election commission.

City Atty. Allen was asked to determine what revisions are required and to submit the necessary ordinances or amendments before next December.

## Driver Licenses of 8 in Area Suspended

Suspension of the driver's licenses of six Granite City men and two others of the Quad-City area was announced by the Driver's License Division of the Secretary of State's office at Springfield. Issuance of a probationary permit to a Granite City man also was announced.

Suspensions were ordered on the basis of three traffic violations for Dennis E. Baker, 2428 St. Clair avenue; Leo F. Kamadulski, 2701 Swan drive; Gerald L. Meyenburg, 2838 Palmer avenue; Billy D. Morris, 3700 Pontoon road; Walter A. Norton, 4120 Pontoon road; and Howard L. Price, 2136 Miracle street.

The license division also ordered suspension of licenses for Paul E. Terrel, 74 Lee Wright homes, Madison, and Donald L. Thompson, 531 Chautauill, Mitchell.

The probationary permit was issued to Howard Price whose regular license was included in the suspension order.

## Percy Joins in Bill To Aid Vietnam Vets

U. S. Senator Charles H. Percy, (R. Ill.) joined today in sponsoring legislation that would urge private industry and the U. S. government to help Vietnam veterans find jobs.

Percy co-sponsored a resolution which expresses the sense of Congress that private employers assist returning servicemen by giving them priority on available jobs for which they are qualified. The resolution also calls on every department and agency of the federal government to give Vietnam veterans the same priority.

The senator pointed out that each month approximately 70,000 servicemen return to civilian life and said "We owe our new veterans the attention and this opportunity to catch up for lost months and years of service."

He said this assistance is particularly important to minority groups who "all too often return home to find discrimination in employment."

## Tax Warrant of \$29,000 Ok'd for GC Town Fund

Anticipating a delay in this year's collection of 1967 taxes because of the county's problems with an assessment multiplier, Granite City Township Supervisor Nelson Hagnauer requested issuance of a \$29,000 tax anticipation warrant for the town Monday night.

In its session as the town board, Granite City council members approved a resolution authorizing the sale of the tax warrant.

Hagnauer's monthly financial report showed a \$173 balance in the town fund on Feb. 29 after disbursements totaling \$6388 during the month. Current town fund disbursements approved and Monday night amounted to \$2406.

Relief expenditures approved amounted to \$4061. The general assistance fund balance on Feb. 29 was \$36,899 after deducting February disbursements totaling \$9078.

The supervisor's monthly report also shows a \$1149 balance in the Illinois Municipal Retirement Fund account.

COMMEMORATIVE 25-PESO Mexican coins marking the XIX Olympic Games to be held in Mexico later this year will be available to Quad-Cityans at the Granite City Trust & Savings Bank.

## Bank to Sell Olympic Commemorative Coin

To commemorate the XIX Olympic games to be held in Mexico this year, the Mexican government has issued silver coins of 25 pesos which will be made available to buyers in this area from Granite City Trust & Savings bank, it was announced today.

In view of the interest in the Olympic games throughout the world and the great demand in past years for commemorative coins marking similar events, the 25-peso coin will be distributed internationally by the central bank of Mexico.

They will be available at the Granite City Trust at a cost of \$2.75 each. The coins are legal tender with an exchange value of \$2. Each coin is enclosed in a leather-bound plastic case.

## Pfc Strauther's Unit Praised in Vietnam

Army Pfc Lethaniel A. Strauther, 22, son of Mrs. Bernice Ward, 707 Franklin avenue, Madison, took part in the defense of the II Field Force's headquarters during the recent attack on Long Binh, Vietnam. Two battalions of North Vietnamese and Viet Cong struck at night from a refugee hamlet immediately across the Saigon-Bien Hoa highway from the headquarters. The defenders suffered only one dead and 12 wounded while being credited with killing over 1000 of the communist attackers.

Lieutenant General Fred C. Weyand, commanding general of the II Field Force, had high praise for the men who blunted the attack. He told them that he was proud of them as soldiers and as Americans and their alertness had saved the headquarters from being penetrated.

Pvt. Strauther is a communications center specialist in Company A of the 53rd Signal Battalion.

## Ice Rink, Concession Nets \$7782 in 3-month Period

Fee income from operation of the Granite City Park District's ice skating rink at Wilson Park amounted to \$33,236 from the time it opened last Oct. 27 through Jan. 31, according to a report by Harold Brown, park superintendent.

Expenses during the same period totaled \$27,502, giving the district net revenue of \$7782 in skating fees, the report showed.

For the same period of slightly more than three months, revenue from operation of the concession stand in the skating rink's warming room totaled \$9837, with expenses of \$7787, giving the district net income of \$2050.

Cost of operating the skating rink, exclusively of the concessions, included \$15,774 in payroll and \$11,727 in other costs which included an initial outlay of \$4707 for rental skates. Payroll costs included \$1736 salary to the rink manager and \$968 to the cashier, \$4490 for skate guards and \$1794 for skate attendants. Park police salaries amounted to \$3028, maintenance workers' salaries amounted to

\$1978 and custodial salaries amounted to \$1768.

**List General Expenses**  
Other expenses included general supplies, \$2519; Illinois Power Co. electric bills of \$3883; gas bills of \$501 and water bills of \$313.

Revenue from the concessions for the period totaled \$9837, while expenses were \$2814 for payroll and \$4971 in other costs, for total disbursements of \$7787.

For the month of January only, the report showed income of \$7614 in admission fees for the rink, with operating costs of \$5266, leaving a net January fee revenue of \$2357.

Concessions operations during January only resulted in revenue of \$2452. Total expenses of \$1885 during the month left a net concession income of \$567, the report showed.

## Farmers Can Cut Work By Minimum Tillage

Madison county farmers can reduce field work this spring by performing only minimum tillage necessary to prepare a good seed bed, according to the Soil Conservation Service of the U. S. Department of Agriculture.

A number of farmers in Madison county have practiced minimum tillage with good results, the service said. Minimum tillage, the report said, saves time and money and produces yields equal to those with conventional tillage, it was said.

## "You could earn \$10,000 or more the first year you run a Shell station like this. And be your own boss!"

The Shell Oil Company is looking for outstanding businessmen to run Shell stations in Granite City. Can you meet our three most important requirements? They may surprise you.

Shell is growing in Granite City. More dealers are needed now. Read this rundown on Shell stations—and why they can be big profit makers. Then read Shell's three most important qualifications. If you can meet them—or if you know someone who can, call WO 8-2200 or write us today.

**S**HELL is growing fast. We need men now — to manage our high-profit Shell service stations here in Granite City.

(Note: Previous experience with automobiles or service stations helps, but is not necessary. Some of our most successful dealers had no related experience before they joined Shell.) Would you like to run a Shell station, be your own boss, set your own goals? If so, Shell offers you these five advantages:

1. Shell stations pump more gasoline. For more than the average station. Result: high-potential profits for Shell dealers.
2. You'll sell Super Shell, one of America's most popular gasolines. Sales of Super Shell gasoline are booming. That's because motorists know Super Shell contains flat-

holders buy more gasoline, more tires and more batteries, than cash customers. And Shell has one of the largest groups of credit cardholders. Result: millions of ready-made customers—and high profits for Shell dealers across the country.

**Can you qualify?**  
If you're interested in becoming a Shell dealer, we will want to ask you three important questions.

1. Do you agree that customer service is the most important factor in successful station management? Shell plans to give motorists the best service they've ever known. You should agree 100% with this goal.
  2. Do you have managerial ability? Many men without technical training succeed in the service business because they have management know-how. You must be able to put men and money to work for you?
  3. Are you willing to invest in your own future? You will have to make a small investment in products and equipment to get your business started. Shell will help you manage your finances but you must demonstrate your faith in your own success by investing in your station.
- We'll want to ask you other questions, too. But if you can answer "Yes" to the ones above, you're over the first hurdle.
- Learn more about the high-profit business you can build as a Shell dealer. Call us now at 1-314-WO 8-2200 or 1-656-3075.

## Legislators Meet One Day; Submit 579 New Bills

The Illinois General Assembly convened in special session at Springfield Monday, then adjourned until July 15 after introducing 579 bills and warring several hours over the adjournment date.

Members of the Democratic minority in both the Senate and House asked Republican leaders to go into a full-scale session immediately, rather than wait until after the June 11 primary election.

Subjects covered by the new bills—294 submitted in the House and 285 in the Senate—ranged from minor revisions to more controversial measures such as an open housing law. Senate Republicans pushed through a resolution authorizing Senate committees to meet or assign bills to subcommittees during the interim between now and July 15.

Republican leaders planned for about a three-week session when the assembly convenes in July. Any legislation passed at that time will require a two-thirds majority vote, which means any successful bill will require bi-partisan support. Republicans do not have a two-thirds majority in either house.

Legislators may run into a fiscal problem because of an Illinois Supreme Court suit attacking the constitutionality of the service occupation tax bill approved last year.

Should the high court uphold a circuit court ruling in the case, the state stands to lose revenue of about \$150 million for the biennium.

## Highlights of YMCA Celebration

**SERVICE AWARD PINS** were presented to three YMCA employees during the recent 50th anniversary celebration. Left to right—Earl Iberg, part-time desk clerk, displays his 25-year pin to David Cunningham and Mrs. Jackie Woods of the maintenance department, both with 10 years service.

## Soybean Association Seeking New Members

An effort is under way to double the size of the state's largest soybean producers organization—the Land of Lincoln Soybean Association, it was announced by the Madison County Farm Bureau.

Growers in Madison county are invited to join the association and help fellow growers help themselves by supporting the association's programs designed to develop new markets and expand existing markets for soybeans, according to L. Verne Workman, chairman, the association's president. Current emphasis is being placed on finding new overseas markets.

Other activity areas of the soybean association concern research and information on improved production methods.

A series of Land of Lincoln Soybean Association information meetings will be held for growers in the state's top soybean producing counties during late February and the entire month of March. Growers are invited to attend and learn how they can benefit by joining the association. A member of the association's board of directors will attend each information meeting to outline activities of the organization and to answer questions.

A meeting for growers in Madison county will be held on March 11, in Edwardsville at 1:30 p.m. in the Madison County Farm Bureau building.

Interested growers may join the organization during the informational meeting. Annual dues are \$10. The money is used to develop the state organization's program and to help finance the national soybean organization—the American Soybean Association—which is concerned primarily with developing new overseas markets. Growers who join the state organization will automatically receive the monthly magazine "Soybean Digest," and other A.A.A. publications.

The Land of Lincoln Soybean Association began 1968 with a membership of 1500 growers. About 90,000 farmers in Illinois raise soybeans and could qualify for membership. Land of Lincoln recently signed an agreement with the Illinois Agricultural Association, statewide Farm Bureau, for management and field services.

**APPRECIATION PLAQUE** presented to YMCA Board President William L. Harris (left) by Col. Charles E. Hoskin III, Army Depot commander, for the YMCA's 50 years dedicated service to the community.

## Marine Edward Gregory Arrives in Vietnam

Marine Pfc Edward F. Gregory, 18, son of Mr. and Mrs. Gregory, of 128 Volga place, Mitchell, recently arrived in Vietnam and has been assigned to the 13th Marine Regiment, according to word received by his parents. He is the third and youngest son of the Mitchell couple to serve in Vietnam. His oldest brother, Marine Cpl. Howard E. Gregory Jr., 26, returned home from Vietnam at Christmastime after spending most of his 12-month overseas tour in the northernmost provinces of Vietnam with the First Tank Battalion of the First Marine Division.

Airman First Class Jerry E. Gregory, 21, arrived home from one year's tour of duty in the Saigon area on Feb. 8. Since that time he has been home on leave and departed today for his new assignment at Offutt Air Force Base, near Omaha, Neb. Marine Pfc Gregory volunteered for the Corps last Aug. 29, following his graduation from Granite City high school. His address is: Marine Pfc Edward F. Gregory, 2404746, F Battery, 2nd Battalion, 13th Marines, USMC, FPO San Francisco, Calif. 96002.

## City's Major Bills Are Lights and Water

Major items on the bill list approved Monday night by Granite City council members were payments to utilities for fire hydrant rental and street and alley lighting.

The payment to East St. Louis & Interurban Water Co. for February rental on 304 fire plugs was \$1627, while street and alley lighting costs billed by Illinois Power Co. amounted to \$2628.

Council members also approved sick leave payments to employees of \$913 for the last half of February, the first half of March payroll amounting to \$43,213, and the February payments to the Illinois Municipal Retirement Fund amounting to \$3438.

## Navy Changes Seabee Enlisting Requirements

Chief Petty Officer Kenneth L. Davis of the Navy Recruiting station, East St. Louis, reports that the Navy has changed its requirements for men to serve with their "Seabee" battalions.

Now, men who have not reached their 40th birthday and have had at least 24 months experience and can meet the Navy's high physical and professional standards may enlist for a period of 30 months active duty.

Enlistments are being offered in the rates of Chief, First, Second and Third Class Petty Officer in any of the following fields: Carpenter, bricklayer, cement finisher, logger, electrician, heavy equipment mechanic or operator, engineering aid, steel or sheet metal worker, air conditioning or heating worker, boiler operator or serviceman, utilityman or any related field depending on experience.

The new Seabees will be sent to Gulfport, Miss., for a five-week petty officer indoctrination school and then will be assigned to a regular mobile construction battalion.

Eligible men are urged to take full advantage of this outstanding opportunity. If you are interested, contact Chief Petty Officer Davis at the Navy Recruiting Station, 750 Missouri avenue, East St. Louis, or by calling 875-3050.

### Weed Control in Lawns

Early spring fertilizing will help you beat the weeds. But special situations occur and need your extra help.

Crabgrass can usually be controlled by proper fertilizing and tall cuts, but unusual thin spots need help. Pre-emergence crab grass control must be applied before the seed germinates. A March application will make sure you have beat the dead-line, and be just as effective as a later application.

Dandelions and other broad-leaf perennials cannot be con-

trolled until spring growth begins. Weed control chemicals for these broadleaf weeds in March is a waste.

Chickweed control in early March is ideal. This pale green spongy plant is easily found, especially in spots and near shaded areas. In order to promote bluegrass spread into these thin areas, chickweed must be stopped in early March. New chemicals like MCPP and Dicamba (sold under such names as Banvel D and Weedone Super D) are more effective than Silvex. One treatment will cause the clumps to disappear within a few days.

## GC Man Faces Assault Charge in Wood River

Sidney Clymer, 35, of 1751 Chestnut street, faces assault charges in Wood River in a complaint signed by his estranged wife, Mrs. Alice Clymer of East Alton.

She claimed he had struck her and refused to leave her auto at a Wood River tavern, so she drove him to the Wood River police station Friday night. Clymer was released on a \$25 cash bail pending a hearing next Thursday in Wood River magistrate's court.

## Park District Plans March 30 Hockey Trip

In response to many requests that a third trip to a St. Louis Blues hockey match be organized by the Granite City park district, an outing is being arranged for Saturday evening, March 30, it was announced today by Park Supt. Harold Brown.

A total of 135 tickets will be available for the March 30 contest against the Minnesota North Stars at the St. Louis Arena — the Blues' final home game unless the team qualifies for the Stanley Cup playoffs, Brown pointed out.

The park official noted that local residents make their reservations by an early date and all tickets are sold, an additional supply may be secured from the Blues management. Both previous trips were sell-outs.

Charge to Granite Cityans for \$2.50 reserved section seats will be \$1.50 per person, with a \$1 fee for round-trip bus transportation. Reservations will be accepted on a first-come, first-served basis by calling the Wilson Park Office at 877-3059.

Earlier this week, the St. Louis Blues held fourth place in the National Hockey League's Western Division, leading the Pittsburgh Penguins by percentage points. Only the top four teams in each division are eligible to compete for the world championship Stanley Cup.

## City Continues Paperwork Fight for Crossing Repairs

Responses to the city's demands for repairs to railroad crossings were few and brief, but the Granite City council plans to press for action, it was brought out during Monday night's session.

Mayor Partney last week sent out letters to the top officials of each railroad, pointing to the "deplorable conditions" at the crossings and advising several lines, including Norfolk & Western and GM&O, that their main lines must be lowered to conform with street grades.

The only reply was from the Decatur office of Norfolk & Western in which it was stated the city's notice had been forwarded to its St. Louis office, and an official would contact the city.

Acknowledgment of receipt of the city's complaints was received from the Illinois Commerce Commission.

Notices to Industries Council members asked the mayor to continue pressing for the repairs and to also send notices to main line industries, instructing them to undertake repairs and also to remove any abandoned spur tracks which cross streets.

In his letters to the railroads, Mayor Partney also said the city would continue to arrest train crews blocking any crossing for over 10 minutes. He explained the fine for any one violation could run from \$10 to \$100.

The mayor was asked to notify Granite City Steel Co. that scrap steel dropping off its trains along 16th street was causing a hazard on the street as well as an unsightly condition. The mayor added that he would have the city move into the franchise for the rail line along 16th street. "I think it has expired," the mayor commented.

The council was advised by the Illinois Commerce Commission that a hearing is to be held in its offices at Springfield on the relocation of the Maryville road crossing for the widening and improvement of Nameoki road between Granite City and Mitchell.

The hearing is to be held at 9:30 a.m. March 30 in the commission at 400 South Spring street Springfield.

Waterman Ave. Work In other action, the council approved a resolution seeking an allocation of \$50,000 motor fuel tax funds for the improvement of Waterman avenue between Wabash and Venice in the city of Venice last week, in the preparation of ordinances to establish parking restrictions.

**NYC Accepts New Plan to Finance Underpass Cost**  
The New York Central Railroad, one of three major rail lines that will pass over the top of the proposed Broadway underpass in Venice, will join with the GM&O and Norfolk & Western in acceptance of a revenue plan under which the railroads will share the cost of building the structure, according to Venice Mayor John E. Lee.

Under the new program, advanced by representatives of the GM&O during a recent hearing before the Illinois Commerce Commission at Springfield, the three railroads now are expected to spend about \$270,000 for their share of the work instead of \$180,000 set up in an ICC order issued in 1965.

The new plan calls for the railroads to share 14% of the overall cost of the underpass construction which is estimated to have risen by about 12% during the two years delay in its construction. Under the original ICC order, the structure was to have been completed in October last year.

Limited Railroad Cost The original ICC order also limited the railroad cost to \$180,000 which, at the time the order was issued, also represented 14% of the overall cost. Because delay in building the underpass resulted from a track layout plans by the railroad, the city of Venice last November petitioned the ICC to revise the cost schedule so that the railroads would pick up their share of the increase.

During the ICC hearing on the petition last Feb. 9, GM&O attorneys presented a plan under which the railroads would do all of the construction of tracks, signals and run-rounds at the underpass. They will pay \$180,000 into a "pooled" construction fund which also will include cost shares of the state of Illinois and the city of Venice.

The railroads then will bill the state for the construction work they do, but will not file claims in excess of \$175,000 which was the original cost figure established when discussions for buyville the structure were started in 1961.

\$80,000 More Work Consequently the railroads will do an estimated \$270,000 worth of construction work and will be repaid no more than \$175,000. This means the railroads will assume \$90,000 more in cost than was required under the 1965 ICC order.

At the Feb. 9 hearing, the proposal was accepted by Norfolk & Western, but New York Central attorneys said they would have to take the matter before the board of directors and would give an answer later.

Mayor Lee said he has been informed that the railroad, while not yet presenting the acceptance in writing, has notified the state highway department that it will accept the plan. Highway officials have said they expect to call him on the underpass project in May. If so, work on the underpass should get under way by mid-summer.

and to place a stop sign in an alley.

Alderman Poulos requested a no parking restriction on the north side of 22nd street between Adams street and the railroad tracks and for a stop sign in the 2400 block alley between Delmar and Edison avenues at 25th street. He said the paved alley is becoming a speedway.

Requested by Whitmer was a parking ban on 26th street off Iowa street for 100 feet on the northwest side and 75 feet on the southwest side.

To eliminate a hazard at the intersection of the extension of State street and Fehling road, the Light committee headed by Alderman Basarich is studying a proposal by Illinois Power Co. for illumination with three street lights. "This would cost the city about \$12 a month," Basarich said.

Weed Cutting Problem Further clarification may be sought from the state highway department concerning responsibility for weed cutting along the newly-improved section of Nameoki road.

The city was advised last fall by the state that the Illinois

highway department maintains the roadway only from curb-to-curb. Street Supt. Warfield said that state maintains its right-of-way shoulders along other city street highways going through the city.

"I can't see why Nameoki road is any different," Warfield added. Alderman Dawes noted that debris from the roadway widening should be removed "by someone before anyone can cut the weeds."

An amendment to the city code to halt littering of streets with throwaway advertisements was tabled by the council. It has been requested by Poulos, City Atty. Allen attempted to explain the aspects of the amendment, but was advised by Alderman Noon, chairman of the Ordinance committee, that tabling action ended all debate.

Poulos complained that advertisements thrown by distributors were littering yards, sidewalks and streets throughout the city.

## Lenten Sermon Series At Methodist Church

In observance of the Lenten season, Rev. R. Paul Sims, minister of Niedringhaus Memorial Methodist Church, will begin a series of sermons next Sunday under the general theme, "Beneath the Cross of Jesus." This week's subject will be "The Necessity of a Cross."

The children's sermon will be delivered in the 10:40 worship service by the associate minister, Rev. Dean Blackburn.

Antheims for both of the morning worship services will be sung by the Youth and Chancel Choirs under the direction of Warren G. Simpkins. The evening worship hour will be held in the Sanctuary at 7:30. An informal "hymn sing" will be followed by the devotional message by Rev. Sims on the topic, "The Good Shepherd." The service will conclude with a period of altar prayers.

## AA Chapter to Meet

The newly-formed Granite City chapter of Alcoholics Anonymous will meet at 7 p.m. Monday, March 11, at 1700 Pontoon road to visit the Helping Hand group, it was announced today.

## Over 400 Youngsters to Perform

# Park District's Annual 'Winter Carnival' to be Staged Tuesday

For the eighth consecutive year, an audience of nearly 2000 persons is expected to view the annual "Winter Carnival" sponsored by the Granite City park district to be held at 7:30 p.m. next Tuesday in Memorial Gymnasium at Granite City high school.

The carnival spectacular serves as a showcase for participants in the park district's winter recreational programs to display some of the numerous activities available to local youngsters and adults.

Approximately 400 performers are expected to take part in the two hour presentation which will spotlight gymnastics and tumbling, square dancing, basketball, wrestling, baton twirling, physical fitness routines and pre-school singing.

Tickets Distributed  
No admission is charged those viewing the carnival, however, a ticket is required for ad-

mittance. Each child and adult enrolled in the district's winter activity schedule has received eight tickets for distribution to their families and friends, Supt. Harold Brown said today.

To open the show, William Kozak, park board vice-president, will welcome the guests and introduce Board President Barry Loman, who will serve as master-of-ceremonies.

Following the "Grand March" around the auditorium, the preschool-age youngsters, numbering about 140, will initiate the entertainment by singing and pantomiming well-known nursery rhymes. The children, who attend classes at the Lincoln Place community center, will be directed by Mrs. Ruby Mayberry and Miss Cheryl Orshead.

Gymnastics, Tumbling  
Beginner, intermediate and advance students in the park's gymnastic and tumbling program will present demonstra-

tions on the mini-trampoline, vaulting box and side horse under the supervision of Bruce Thompson, Charlene Graham and Clabbe Ingram.

Approximately 100 youngsters who attend weekly gymnastic sessions will participate in this segment of the show. Brown said, adding that an average of 200 attend weekly gymnastic sessions, held at local grade schools and the community center.

Displaying techniques of wrestling will be ten youths, with matches scheduled between beginning wrestlers. Instructors Tom Skubish and William Hodshire will have charge of the wrestling skills program.

About 25 women who attend "Slimettes" classes at the community center will present a physical fitness and free exercise routine to records led by Mrs. Helen Bjorkman, program director.

## Basketball Program

Highlighting the basketball portion of the program, youngsters will compete for top honors in the district's "free throw" finals. Contestants will be third, fourth, fifth and sixth grade boys who previously have won preliminary events in their own age groups and centers.

Ron Dillard, park district athletic director, will supervise the contest and exhibition, assisted by basketball instructors, Al Sonnenberg, Don Graville, Norman Martinez, Bruce Thompson and Marvin Brokaw. Thirty-five girls who comprise baton twirling classes will perform a series of twirling displays to the music of "Rico Vacilon," under the direction of Miss Marilyn Champion, class instructor, and Miss Barbara Brandt, assistant instructor.

## Square Dancing

A lively group of square dance enthusiasts will offer the

grand finale to Tuesday night's extravaganza by performing routines to "The Salty Dog Rag," "Malargo Square" and "Good Luck" musical numbers. More than 50 square dancers will weave colorful sets under the supervision of Mrs. Helen Bjorkman, program director, assisted by Miss Debbie Scaturro.

Brown reminded youngsters who will participate in the annual "Winter Carnival" to report at the Memorial gym at 7 p.m. Tuesday. The show is expected to get under way promptly at 7:30 p.m., he added.
